Curriculum Committee Update.....Clay Singleton

- Jule gave an overview of the Web Site in progress to assist our students with their writing skills. If you have any suggestions, please see Jane Reimers as she is updating the Web Site as changes are being added.
- Also in the works – a 3 day seminar on writing for the EA’s for the Fall.
- Office 2007 is coming. Everyone will be up and running by the Fall. All new students will have office 07 on their new lap tops.
- Clay gave an update on the new IDEAS class surveys. As we go forward please see Clay or Lynda if you have questions. We are still in the trial period.
- The committee has inventoried the ongoing assessments that are taking place here at the school. We are now in the process of institutionalizing the 7 leadership skills assessment, the excel and power point assessment, and have received consistent feedback on Global Practica, and Domestic Consulting Projects. We have collected the assessment of orientation in all programs and Entrepreneurship through the Venture Plan. We have evaluated and approved the course proposal for the fast track MBA and other experimental courses
