Annual Report of the Student Life Committee. 2005-2006.

Submitted by: Dr. Pedro Bernal (Chair).

The committee started the year working on the academic honor code (AHC). During the 04-05 academic year the AHC came up in front of the faculty in two occasions and failed to pass. The committee set out to solve the problems that had prevented passage of the AHC during the previous year. It did so and on the November faculty meeting the document was approved. After approval of the AHC, the committee started work on a social honor code. Initial discussions concerned a rewriting of the current code of student conduct. During the spring of 06, two out of the three meetings of the SLC did not take place. One was cancelled as a result of a discussion dealing with the provost appointment and the other was scheduled on what turned out to be fox day. Nonetheless, the committee was able to produce a draft of the reorganized version of the Code of Student conduct.
