A. INTRODUCTION TO ROLLINS COLLEGE

DESCRIPTION OF ROLLINS COLLEGE

Rollins College is among the nation's finest comprehensive liberal arts colleges. Founded in 1885 by New England Congregationalists who sought to bring education to the Florida frontier, Rollins is the oldest recognized college in Florida. Throughout its history, the College has been an independent, four-year, non-sectarian, coeducational institution. It is supported through tuition; gifts from alumni, friends, foundations, and corporations; and income from investments.

Rollins has over 200 full-time faculty, more than 90 percent of whom hold the Ph.D. or appropriate terminal degrees. As of 2014, the College's endowment totals over \$350 million.

The College is located in Winter Park, an attractive residential community adjacent to the city of Orlando. Fifty miles from the Atlantic Ocean and 70 miles from the Gulf of Mexico, the 70-acre campus is bounded by Lake Virginia to the east and south. A traditional Spanish-Mediterranean architecture characterizes the College's facilities.

The Artium Baccalaureus and Artium Baccalaureus Honoris degrees are offered by Arts and Sciences and the College of Professional Studies. The Hamilton Holt School offers late-afternoon and evening courses leading to baccalaureate degrees and master's degrees in counseling, education, human resources, liberal studies, teaching, behavior and analysis and clinical science, health services and public health

The Roy E. Crummer Graduate School of Business offers MBA graduate degrees for both full-time and part-time students, and an Executive Doctorate in Business Administration (EDBA). Information on these associated divisions may be found in their respective catalogues.

A brief history about Rollins may be found on the Rollins website <http://www.rollins.edu/about-rollins/at-a-glance/index.html>

It is anticipated that faculty members will own hoods indicating the highest degree earned. Faculty may also purchase regalia through the Rice Family Bookstore.

ALUMNI ASSOCIATION

The purpose of the Rollins College Alumni Association is to stimulate the interest of alumni and engage them in support of the Rollins College family. The mission of the Alumni Association is to keep alumni “Connected for Life.” The vision of the Alumni Association is Alumni connected to Alumni, Alumni connected to the College, and Alumni connected to the Association.

The goals of the organization are:

2. Promote stimulating communication and creative programming to encourage alumni commitment to, and involvement in, both the College and the Alumni Association.
3. Increase alumni participation in alumni programs, reunion, volunteer activities, and financial support of the College.

ARTS AT ROLLINS COLLEGE

Rollins has long been a major contributor to the cultural life of Winter Park and the larger Central Florida community. In addition to several fine lecture series, the College offers the following cultural opportunities, including:

Annie Russell and Fred Stone Theatres - The historic Annie Russell Theatre presents an annual season of dramatic productions and an evening of dance. Productions include popular musicals, classic drama and comedy, contemporary plays, and lively dance. The more intimate Fred Stone Theater offers student-produced plays, generally more

experimental than Mainstage productions. Faculty/Staff and students are eligible for free admissions to selective performances and discounts for season tickets. All productions in the Fred Stone Theater are free, with general seating.

Bach Festival - The Bach Festival Society, a separate 501(c) (3), whose offices are located at Osceola Lodge, performs in Tiedtke Concert Hall and Knowles Memorial Chapel and offers various annual series including the Winter Park Bach Festival, Visiting Artist Concert Series, Choral Masterworks Concert Series featuring the Bach Festival Choir, and a variety of educational and community outreach programs to encourage youth participation in music at all levels. Founded in 1935, the Bach Festival Society of Winter Park is the third-oldest continuously operating Bach Festival in the United States, as well as Central Florida's oldest operating performing arts organization. Rollins College Director of Music John V. Sinclair has led the Bach Festival Choir and Orchestra as artistic director and conductor since 1990.

The George D. and Harriet W. Cornell Fine Arts Museum (CFAM) - One of the southeast's most innovative college museums, CFAM offers originally conceived and traveling exhibitions of outstanding works of art for all tastes and from all cultures. Exhibitions from the collection's broad range of drawings, paintings, prints, and sculpture have included works by contemporary masters. Public talks, films, and special programming complement the exhibitions and integrate the Museum with the Rollins curriculum. CFAM also collaborates with individual faculty across the curriculum to enhance their course instruction through art. At present, the public is admitted free of charge; Rollins faculty and staff receive a discount at the CFAM Gift Shop.

Music at Rollins - Concerts and recitals sponsored by the Department of Music give area residents opportunities to hear faculty, students, and College ensembles, as well as performers of national and international prominence. Concerts are held in Tiedtke Concert Hall, with the exception of the popular annual Christmas Vespers service, which takes place in the Knowles Memorial Chapel. All performances are free to Rollins faculty, staff, students, and the public.

The Winter Park Institute – Each year, the Winter Park Institute sponsors several eminent presenters, who may meet with student groups and address the general public. Events are typically held in Tiedtke Auditorium or in the Warden Arena of the Alford Gymnasium. Recently, the WPI has hosted speakers who include Gloria Steinem, Ken Burns, Michio Kaku, Jeb Bush, and Itzhak Perlman. All events are free and open to the public.

Winter with the Writers, a Festival of the Literary Arts - Over the years, this venerable community series has hosted eminent, award-winning writers as well as emerging, promising voices for readings, interviews, and master classes presented on four consecutive Thursdays in late January and February. Winter with the Writers is sponsored by the Department of English and the Thomas P. Johnson Visiting Artists and Scholars Fund.

The Alford Inn – Described as “an art gallery where you can stay the night,” the Alford Inn opened to the public in August, 2013, and houses over \$3 million worth of original contemporary art. Proceeds from the Inn support scholarships for Rollins students.

ARCHIVES, SPECIAL COLLECTIONS AND RECORDS MANAGEMENT

The College Archives is the official depository for all College records and publications having permanent value. Use of some items is restricted for legal or internal reasons.

The Special Collections reflect the liberal arts traditions of the College. These include the Meade horticulture bequest, the Floridiana Collection, the William Sloane Kennedy Collection of Whitmaniana, the Jesse Rittenhouse poetry library, and the M. P. Shiel Collection donated by Reynolds A. Morse. The Rollins Collection contains research, publications, and writings produced by members of the Rollins community, including faculty, students, and alumni.

The College Archives and Special Collections Department is housed on the first floor of the Olin Library. Access to the collections is provided through the Olin online catalog, the Digital Collections at <http://www.rollins.edu/library/archives/index.html>, and print finding aids.

ATHLETICS AND ATHLETIC FACILITIES

Rollins participates in NCAA Division II in many sports. The Intercollegiate Athletic Program features over 22 sports programs with 450 student-athletes participating annually. The teams include Baseball (M), Basketball (M&W), Cross Country (M&W), Golf (M&W), Lacrosse (M&W), Rowing (M&W), Sailing (M&W), Soccer (M&W), Softball (W), Swimming (M&W), Tennis (M&W), Volleyball (W) and Waterskiing (M&W). Student-athletes from over half of Rollins' programs have participated in national championships.

Intramural sports are an important part of Rollins student experience. The program offers men's, women's and co-ed events. Additionally, group exercise classes are offered weekly. Intramural recreation at Rollins College is intended to provide a healthy and competitive outlet for students, faculty and staff alike.

All of the athletic facilities of the College are available for all current students, faculty, and staff use only. Because it is the philosophy of the College that physical education programs required by the curriculum should have priority over other uses of athletic facilities, it is necessary that use of the facilities be carefully and fairly scheduled. The schedules and regulations for the use of the facilities, such as the Alford Sports Center and Alford Swimming Pool are the coordinated responsibilities of the athletic department as well as the Scheduling and Events Service office. Information of current policies

concerning the use of athletic facilities can be obtained from the office of the Department of Physical Education and Athletics.

These include, but are not limited to, investigating all crimes committed on campus, enforcing college policies and procedures, providing crime prevention/ community services programs, enforcing parking policies, and overseeing the CCTV system operations. The office has a good working relationship with and liaises with local, state, and federal law enforcement agencies in implementing and coordinating campus law enforcement agencies on campus.

Officers patrol campus on foot, by bicycle, and in vehicles. Officers have jurisdiction over any Rollins College on campus and non-campus property. Several officers and a supervisor are on duty each shift. You can reach a member of the staff at either 407-646-2999 or security@listserv.rollins.edu.

The Office of Campus Safety understands the overall academic mission of the College and strives to play a vital role in enhancing that mission. MARKETING & COMMUNICATIONS

The Office of Marketing & Communications actively supports the College's efforts to recruit qualified students and to attract financial support for academic programs and financial aid, while meeting Rollins' other communications needs. The Office works to protect and enhance the image of Rollins College through strategic communications with the College's stakeholders: potential students and donors, current students and donors, faculty and staff, alumni, trustees, community and business leaders, and the media.

Six primary areas encompass the services offered by the department: internal and external communications, issues and crisis management, news media relations, public relations planning and counseling, publications and photographic services, and Web updates. The office has also taken a lead role in creating more formal ways to respond to public inquiries.

Internal and External Communications

The Office of Marketing & Communications is the primary communications office for the Rollins College campus. The office takes a lead role in the messaging included in print and electronic communications for external audiences, such as community newsletters, the College's alumni magazine, the Rollins College Web site, e-newsletters for parents and alumni, and much more.

Issues and Crisis Management

Effective issues management anticipates and plans ahead for problems, crises or trends that may negatively impact an organization. This is as important, if not more important, to achieving sound and productive relations between Rollins and its stakeholders as maximizing publicity opportunities. The Office tracks and manages issues to avoid—or at least minimize—negative impact. The Office also manages crisis communications ranging from weather emergencies to world events that may impact the College.

Community Relations

Rollins is committed to contributing to the social and economic wellbeing of our community. From board presence to community outreach, the Office assesses and identifies opportunities to enhance Rollins' visibility in the local community. The Office has developed and will manage the strategic community outreach plan for the College that has a focused approach aligned with our core business of education. Newly-launched Community Campus Tours enhance relationships and teach community leaders more about our academic home.

News Media Relations

Good news requires planning, research and hard work. Working from a public relations planning calendar and strategic publicity plan, the office pitches stories and photo opportunities to the media on campus events, and student or faculty achievements, interesting research, and offers subject experts to the media on timely topics. The office works directly with local, regional and national media representatives, monitors services,

and collaborates with higher education associations to achieve placements. These efforts have resulted in outstanding visibility via countless placements in key local and regional outlets and in such notable national publications as the *Washington Post*, *USA Today*, the *New York Times*, *U.S. News & World Report*, *The Chronicle of Higher Education* and more. The office also provides media training to prepare subject experts for radio, television and print interviews. During an average week, the office responds to at least five media requests for subject experts, fielding approximately 250 annual media inquiries. The staff makes suggestions for op-ed (short opinion pieces) on timely topics and assists with the final editing and/or placement of the editorials. The office may prepare and distribute “hometown” news releases to promote student academic achievements.

Digital communications and social media initiatives

The shrinking of traditional media and the growth of social and new have created the need for maintaining an engaging and up-to-date online newsroom. Digital communication tools are invaluable. The office provides strategic oversight and updates of news and information on the Rollins’ website and manages the College's online news room and the Student News Bureau. The office heads up the Social Media Advisory Group, is charged with maximizing and organizing the College’s online presence, and implements additional online and new media initiatives.

Public Inquiries

The Office of Marketing & Communications maintains a referral directory for requests for information and services (located at www.rollins.edu/pr/campusclients/rollinsrequests.shtml). All public inquiries received by the Office are directed to the appropriate college office for response and/or fulfillment. Inquiries may be received by phone at the main number at (407) 646-2202 or via e-mail at contact@rollins.edu. The Office fulfills an estimated 300 public inquiries annually.

Publications and Photographic Services – The office researches, writes, assists with editorial planning and/or production of a variety of printed materials, ranging from announcement cards, fliers, brochures and posters to *R-Community News*, a community newsletter distributed twice a year to the Central Florida community and friends of the College, to the College’s alumni magazine, the *Rollins Alumni Record*.

Web Updates

The Office of Marketing & Communications provides frequent updates to the Latest News portion of Rollins’ home page. The Office also maintains its own Web pages and assists with maintenance of the President’s Web pages. For more information please visit <http://www.rollins.edu/news/>.

PARKING AND TRAFFIC REGULATIONS

Rules and regulations concerning the use of motor vehicles on the Rollins College campus are administered by the Campus Safety Department. All students, staff, and faculty, are requested to comply with Rollins traffic policies in order to provide for safety and maximum use of existing facilities, and to preserve harmony in the communal life of the campus. Rollins' traffic regulations, revised as necessary, are available online at <http://www.rollins.edu/safety/parking/>. These regulations include information on where parking is allowed and set forth the fines for failure to obey traffic rules.

It is important that all motor vehicles of Rollins College students, faculty, and staff, be registered with the College and identified with a current parking decal. For further information contact Campus Safety at ext. 2999.

Bike racks are located throughout campus.

PAYROLL

Payroll is disbursed via direct deposit on the scheduled pay date. A pay advice will be e-mailed to employees 2-3 days prior to the deposit and may be accessed using the last 4-digits of the employee's social security number. Faculty will receive annual salary in nine equal payments from September-May of the academic year. Pursuant to IRS Section 409A regulations, Rollins College allows faculty a choice to defer pay over 12 equal payments instead of 9 payments. Faculty and exempt (salaried) staff may request their salary in twelve equal payments by submitting the request in writing to Human Resources before the first day of the academic year in which they will be paid (ie: by no later than August 31st of the year prior). The election to defer pay over 12 months is irrevocable during the academic year and will remain in place in future years unless the employee requests a change in writing. If the employee does not make a deferral election by the August 31st deadline, pay will be disbursed over the 9 months of the academic year.

PHILANTHROPY AND NONPROFIT LEADERSHIP CENTER—This name has changed to Edyth Bush Institute for Philanthropy and Nonprofit Leadership

The Edyth Bush Institute for Philanthropy and Nonprofit Leadership strengthens nonprofit and philanthropic organizations through education and management support designed to strengthen board governance, enhance the business practices of nonprofit organizations, and expand the influence of the nonprofit sector. Each year the Philanthropy Center offers certificate programs for nonprofit professionals in Nonprofit Management, Leadership Practice, Volunteer Management, Proposal Writing, Fundraising and Development, and more than 100 workshops and events.

PRE-COLLEGIATE PROGRAMS

Rollins Educational Talent Search and Rollins Upward Bound are federally-funded programs based out of TRIO. Upward Bound has been a program at Rollins since 1980, and Educational Talent Search since 1991. These programs serve historically underserved students from middle and high schools across Orange and Osceola counties with the goal of increasing college access and awareness.

PUBLICATIONS

Student publications include the student newspaper, the Sandspur; the Tomokan yearbook; Brushings, the student literary magazine; and The Independent, an independent publication.

PURCHASING

At Rollins College, most purchasing actions are conducted by academic and administrative department employees. Purchasing activities include obligations for ethical behavior, compliance with government regulations, proper transaction documentation and fiscal responsibility. The College's interests are generally best served when individual departments choose the specific products and services to be used. Rollins College's decentralized purchasing environment means that departments must ensure that sound fiscal management practices are followed and that the purchase of goods or services needed to conduct their activities is made from the best source considering price, quality, and service.

The Purchasing Department is typically responsible for soliciting written quotes and proposals based on requests provided by individual departments. In the event that the departments have secured the necessary quotes, this supporting documentation should be attached to the Purchasing Requisition form and forwarded to the Purchasing Department for review. The Purchasing Department may secure additional quotes if deemed to be in the best interest of the College. In selecting the vendor, the department's product quality and delivery time requirements will be considered, in conjunction with the total price. There are several methods that may be used to request items or services. They include: direct check requests, purchasing credit card (P-Card), and purchase requisitions and orders.

Direct Pay/Check Request: Used to request payment for purchases not covered by a purchase order or P-Card. There is an online process whereby direct pays are submitted and approved. Complete the Direct Pay/Check Request within Foxlink under the Employee tab and upload your supporting documentation. Once approved, it will be automatically routed to Accounts Payable for processing.

Purchasing Card: The Rollins College Purchasing Card is intended to provide an efficient, cost-effective method of purchasing and paying for small dollar transactions within established usage limits. The program is designed to replace a variety of purchasing options such as small-dollar purchase orders and direct payment vouchers, and reduce the need for expense reimbursement requests, departmental cash advances and petty cash reimbursements. The card may be used with any merchant who accepts MasterCard, either in-store, by phone, mail, fax or on-line. Using the card will provide quicker turnaround time on orders, greater flexibility in ordering goods and reduce paper work processing.

Purchase Requisitions and Orders: A purchase requisition may be submitted to Purchasing requesting product/service for which cost is in excess of the department's maximum purchasing card transaction limit. Purchasing will determine if bidding is required and award a purchase order accordingly. Requisitions should be prepared far enough in advance to permit the Purchasing Department to obtain competitive prices and to allow sufficient time for deliveries to be made. The duration of time required for delivery of the item(s) after receipt of the requisition and correct and complete specifications by the Purchasing Department is dependent on availability of materials and whether the quotation or formal bid process must be used.

Allow 3-5 working days on purchases not requiring quotations or sealed bids. The quotation and formal bid process may take a minimum of 4 weeks.

Each Rollins College department will determine the specific type of service, equipment and/or supplies required for normal operation within its given budget allocation. The Purchasing Department can assist the department in identifying the appropriate item(s). Once all items are identified, the department will forward a completed Purchasing Requisition form to the Purchasing Department (Box 2714) or purchasing@listserv.rollins.edu for prompt processing.

Advance planning is a critical success factor in the procurement process. Sufficient advance notice must be given to allow the Purchasing Department to obtain the necessary quotes and to plan for the anticipated delivery lead-time. Purchases made in a rush often result in a combination of poor quality, higher prices, and higher freight costs.

Departments are encouraged to contact the Purchasing Department well in advance for major projects or technically complex needs to plan for the acquisition of equipment and supplies.

Purchases with Special Requirements

Sole Source Items: In instances where required items are highly specialized or of a technical nature, and therefore not available from multiple sources, the requesting department will mark "Sole Source" in the special instructions of the "Type of Order" section.

Computers, Computer Equipment, and Audio-Visual Equipment: Please contact IT for purchases of all hardware, software and peripherals.

Furniture: All furniture purchases for the campus must be processed through the Purchasing Department.

Office Supplies: Contact Purchasing at 407-646-1506 for details.

Goods and Services Not Subject to Review from the Purchasing Department

The following commodities and professional services may require the review and approval from specific College departments other than or in addition to the Purchasing Department:

Architectural and Engineering Services: Contact Facilities Management

Audit or Tax Services: Contact Finance Department

Construction Contracts: Contact Facilities Management

Employment Services- Contact Human Resources Department

Insurance: Contact Risk Management in Human Resources

Legal Services: Contact the Office of the Vice President of Business & Finance and Administration

Printed Materials: Contact Print Services

Travel Services: Contact the Accounts Payable Department

Purchases of Goods and Service for Private Use

The Purchasing Department does not assist or become involved in any transaction for purchases of a personal nature. The Purchasing (or Finance) Department may also question transactions that seem to be of a personal nature or an inappropriate use of College funds.

Unauthorized Purchases

Regardless of the dollar amount or method, all purchases must be appropriate and necessary for college purposes. Purchases that are not appropriate or necessary will **not** be approved/reimbursed.

Contracts

All contracts above \$3,000 must be signed by the VP for Business & Finance. Prior to signature, they must be reviewed by the AVP for Risk Management for provisions including liability, default, indemnification, and insurance. Contract form is in Foxlink under the Employee Tab, Contract Approval

Conflict of Interest and Gratuities

Rollins College does not purchase goods and services from companies or individuals where there is a recognized potential for conflict of interest. Faculty and staff members who would benefit financially from a given potential supplier selling goods and services to the College may not participate in the vendor selection process. College employees may not personally solicit, demand, or receive any kind of gratuity from a vendor or individual in connection with any decision affecting a College purchase.

RELIGIOUS LIFE

The nurture of the religious life in the Rollins community is the mission of the Knowles Memorial Chapel and the United Campus Ministries, the work of both being coordinated by the Dean of the Chapel. The building, designed by Ralph Adams Cram and given by Mrs. Frances Knowles Warren in memory of her father, one of the founding trustees of the College, was dedicated in 1932. Its character and program are interdenominational in seeking both to serve and support persons in a variety of faith-traditions and to emphasize convictions and commitments they share with one another. The chapel is also designed to be the place for the observance of special days that commemorate the College's history

and purpose, such as convocations, anniversaries, and baccalaureates. An interdenominational service is held each Sunday during the academic year. Gatherings for spiritual responses to special crises or celebrations, memorial services, and weddings are also held. During the Christmas season, services of Lessons and Carols have long been a tradition for the community as well as the College. As a liturgical center, the Chapel is the home for Sunday evening Catholic Masses, a variety of musical events, weddings, baptisms, funeral and memorial services. As a place of quiet and retreat the Chapel offers a daily place for meditation, prayer and peace. In addition, several student organizations foster religious life.

RESIDENTIAL LIFE AND EXPLORATIONS

The Office of Residential Life & Explorations is committed to creating inclusive, secure and well-maintained learning environments that are conducive to, and focused on holistic student development, student learning, and success. This office also oversees new student orientation, peer educators (resident assistants, peer mentors), living learning communities, and is support to the Rollins College Conference (RCC) program.

In support of the Rollins mission, the Office of Residential Life & Explorations is committed to creating inclusive, secure and well-maintained learning environments that are conducive to, and focused on, holistic student development, student learning, and student success. More than 75 percent of Rollins students live on campus in our 19 distinct residential facilities, which range from residence halls to suites and apartments. With a few exceptions, all full-time Arts & Science and College of Professional Studies students with less than 60 semester hours must live on campus.

Additionally, a variety of programs and resources are offered to assist students with their transition to college and help them engage in a lifelong pursuit of scholarship. Residential Life & Explorations focuses on synthesizing the liberal arts academic curriculum, student development, leadership development, and community engagement to help students become responsible leaders and global citizens. In order to accomplish this mission and support the College, Residential Life & Explorations recognizes that the work that needs to be done is bigger than the department alone. As such, intentional collaboration with students, faculty and staff is critical to the Office's success.

STUDENT CARE AND FAMILY SUPPORT

A resource and solution office team that provides problem-solving and care management services for student and family issues, concerns, or challenges.

STUDENT MEDIA

Consists of the combined areas of WPRK FM, the oldest continuous radio station in Florida; The Sandspur, the oldest college newspaper in Florida; and Brushing literary magazine.

THE THOMAS P. JOHNSON STUDENT RESOURCE CENTER

The Thomas P. Johnson Student Resource Center is a comprehensive academic support center with programs designed to challenge students to take responsibility for their own learning and provide them with the tools and feedback to develop learning strategies to achieve academic success.

The Writing Center, staffed by trained peer consultants from across the curriculum, welcomes writers at any stage of the writing process, from brainstorming to revising to final editing. Writers of all abilities benefit from trying out their work on an audience. Through one-on-one conversations and occasional group sessions, consultants serve students, sharing strategies, questioning rhetorical choices, and then summarizing their discussions on a form given to clients and copied to professors.

The Peer Tutoring Program trains peer tutors nominated by faculty to work with students in most academic departments. Since peer tutors have recently succeeded in these courses, they can guide student clients in trying more effective reading, learning, and problem-solving techniques and can give feedback on students' understanding of course concepts, in preparing for class, for tests and in the early stages of writing papers. Tutors can monitor students' strategic use of these skills in later sessions, both individual and group. Professors and student clients receive copies of the tutoring notes made during each session.

Academic Advising Support assists faculty advisers in helping students improve their effectiveness and self-discipline as students and supports them in reaching their academic goals. Professional staff conducts first-year student registration and transfer student registration, and coordinate academic appeals, the Academic Warning System and faculty adviser assignments. The Academic Probation Program for students struggling academically assesses students' study behaviors and helps them plan their improvement strategies, and monitors their progress.
