## Services:

For everyone's safety, we are instituting low-touch procedures for checking out library materials. We prefer to retrieve books and other materials for you whenever possible. Check the Olin porch for lockers and a cart for door-side delivery. For books or DVDs, please make requests through the library catalog, and watch your email for pickup information. Questions? Please email [circ@rollins.edu](mailto:circ@rollins.edu).

Need a bike or technology equipment? Please use the form at [bit.ly/olingear](https://bit.ly/olingear)

Need something we do not have in the Olin collection? We are working to provide eBooks and streaming media for your assignments and classes, when needed. Please let Jonathan Harwell ([jharwell@rollins.edu](mailto:jharwell@rollins.edu)) know, and he'll be glad to check on electronic options for each. Most of our collection is already available online, and we always welcome new recommendations from anyone. You also can use our InterLibrary Loan (ILL) service for books and articles. For ILL questions, please contact Shannon Johnson at [smjohnson@rollins.edu](mailto:smjohnson@rollins.edu)

Archives & Special Collections hours are Monday - Friday, 8:30 AM - 4 PM. While many materials are available online, for on-site research an individual appointment is required in advance for Fall 2020. Please contact [archives@rollins.edu](mailto:archives@rollins.edu) or **407.646.2421**

## Library Faculty:

Librarians are ready to meet with you virtually to discuss assignments or research questions. The library faculty member for you major or assignment can be found here: [rollins.edu/library/yourlibrarian](https://rollins.edu/library/yourlibrarian). They ALSO have \*virtual office hours! Students can also schedule appointments via EAB or by emailing a librarian. Holt & Crummer students can schedule appointments via the "Holt/Crummer Library Consultation" link on the Olin website: [rollins.libcal.com/appointments](https://rollins.libcal.com/appointments)

Check Canvas for your courses! The left navigation of every Canvas page includes a link to an aggregated page of key library resources and services.

***While some things have changed, we are here for you in Olin to support your teaching and learning this fall. If you have questions, please do not hesitate to email me directly [dprosser@rollins.edu](mailto:dprosser@rollins.edu).***
