The governing body and representatives of Rollins Alumni Inc. on the Board of Trustees of the College, and the procedure of their election is reprinted here for the information of all former Rollins Students and the Class of 1953 in particular. In January, a poll will be taken by mail ballot of all members-in-good-standing of our new Alumni corporation to fill the 5 expiring Alumni directorships for the next 3-year terms and to nominate another Alumnus as our third representative to the Rollins Trustees for their election to the College Board for the 1954-57 term. A Nominating Committee, appointed by Alumni President Sandy Showalter, will draw up a choice of qualified candidates for the offices to be filled. Space for write-ins will be provided on each ballot, as in previous Rollins Alumni elections, but your advance recommendation of candidates will be a welcome guide to our Nominating Committee and are cordially invited at this time.

### COVER PICTURE

John DeGrove and Diane Evans are the 1953 Senior recipients of Algernon Sydney Sullivan Medallions, highest character and service recognition at Rollins. (See Commencement story on page 4.) Ours is one of the select number of colleges privileged by The New York Southern Society to thus foster these inspiring qualities of the late Mr. Sullivan.

## Sandy Says

The front page of the last RECORD proclaimed—"NO DUES, NO NEWS." Yet here is another RECORD for those of you who have not paid dues as well as for those who have.

There is a specific reason for providing complete coverage to all Alumni, members of the corporation and otherwise, with this particular RECORD. Within these pages you will find a copy of the proposed by-laws for Rollins Alumni Inc. Your board of directors felt that it was necessary to put these by-laws into the hands of every Alumnus. **Please study the by-laws carefully and write in your comments on them.** It is necessary to make them as universally acceptable as possible and the time to change them is now, not when they come up for vote.

*Sandy Showalter, president  
of Rollins Alumni Inc.*

As this issue goes to press, 800 out of the 4,362 Alumni on our mailing list have seen fit to support Rollins Alumni Inc. by becoming dues-paying members ! ! ! We, who are trying to make your corporation into a living thing of real value to the Alumni and to the College, extend our thanks to that slightly better than 18%. Your support is the more valuable because of its small stature. To those who wrote in with their various reasons for non-participation at this time, our thanks. They participate in spirit if not with cash. To the multitude of Alumni who have neither written or paid, what's the matter with you? I know that to a lot of you the three dollars may seem too small a sum to be bothered with but think again, it means plenty down here and the spirit is more important than the cash.

Read and study the by-laws. Keep the copy in this RECORD. Comment on them as they are written. In their final form they will be voted upon at the annual meeting on February 20. I sincerely hope that that meeting will provide us with a potential vote far in excess of the 800 out of 4,362.

FALL, 1953

*Member of the American Alumni Council*

The Rollins Alumni Record, Fall, 1953. Published Quarterly by Rollins Alumni Inc. Office of publication: Alumni House, Winter Park, Florida. Entered as second-class matter June 28, 1938, at the post office at Winter Park, Florida, under the Act of August 24, 1912.

ABOVE: President McKean, center with 1953 Commencement Speaker Harlan Cleveland and Mrs. Marian Van Buren Cleveland, Rollins Dean of Women from 1940 to 1953, to the left; and, right, Dean Enyart and Mrs. Marian Wilcox, who retired last June after over a score of years as a Resident Head at Rollins College. BELOW: Gen. Reeve Senior Class Scholarship winners, left to right, Dody Manning, Larry Fitzpatrick, Judy Munske, and Al Chubb.

## Deans Share Commencement Honors With Seniors

Rollins College completed another successful year with the awarding of honors and Bachelor degrees in the Arts, Science, or Music to 60 Senior men and 46 coeds at the 1953 Commencement Exercises in Knowles Memorial Chapel on the morning of June 6.

President Hugh F. McKean invited the families of each Senior to stand as he conferred degrees upon the members of the Class of 1953.

Millicent Ford received both the B.A. and B.S. degrees and Dorothea Manning's diploma for the B.A. degree was inscribed *with Distinction*.

Miss Manning, Albert H. Chubb, John M. DeGrove, Lawrence F. Fitzpatrick, and Judy B. Munske each received \$100 Gen. Charles McCormick Reeve awards for maintaining the highest scholastic averages during their last 3 undergraduate years at Rollins.

Harlan Cleveland, executive editor of THE REPORTER magazine and former assistant director for Europe of the Mutual Security Agency, delivered a penetrating Commencement Address on The Right Kind of Optimism. He defined the right kind of optimist as one who knows that his own courage, will, and faith will count in the balance of this age of atomic fission. "This is America's century," he reminded his large audience. Charging the 106 Rollins graduates before him with taking an active part in history, he said in conclusion, "You have 47 years, or eternity, whichever comes sooner."

The choice of Mr. Cleveland as principal speaker at his mother's last Rollins Commencement as Dean of Women was doubly happy for President McKean called both Mrs. Cleveland and Dean Emeritus Arthur D. Enyart to the chancel to receive richly deserved Algernon Sydney Sullivan Medallions for their many peerless years of service to the Students and to the College. Seniors Diane Evans and John DeGrove were also popular recipients of the handsome plaques. Dean Darrah, of Knowles Memorial Chapel, presented all four to President McKean with appropriate citations for the honor.

An extraordinary award of the Order of Libra Cup, usually given to a Senior girl, was made to Mrs. Marian H. Wilcox for exemplary service and campus leadership. "Mrs. Willie," who retired as Assistant Dean of Women and head of Cloverleaf last June after over 20 years as a Resident Head at Rollins College, was warmly applauded as she came forward to receive this reward.

The Rollins Alumni Club of Central Florida initiated the spring festivities in honor of the Seniors with a covered dish supper at the University Club of Winter Park in May. And the national organization, Rollins Alumni Inc., were their final hosts at the traditional Sunrise Breakfast on Commencement morning.

The Reverend Henry Louttit, Episcopal Bishop of the Diocese of South Florida delivered the Baccalaureate sermon in Knowles Memorial Chapel on the morning of May 31. The Ultimate Choice was his topic.

Honors Day for the entire College in the Annie Russell Theatre and their own Class Day completed the annual Senior events.

John DeGrove presided in the Center Patio for the reading of the humorous Last Will and Testament of the Class of 1953 by Judy Munske and George Howard Matson, Jr., and awarding of special Senior honors and prizes. The Seniors, in caps and gowns, their families and friends then adjourned to the handsomely-lighted Rollins College marker, their Class gift, on the Sandspur Bowl at the corner of Fairbanks and Park Ave. for the custom-honored tree planting ceremony. Senior Class President Tom Nelson then handed The Spade to Student Council president Hal Broda.

### **Class Of 1953 Sets New Mark**

The Class of 1953 started a fine precedent which makes it famous in the annals of Rollins Alumni history. Sparked by Class President Tom Nelson and classmates Anne Frankenberg, Cyrene Palmisano, Em Hunter and Jack Large, 63 Seniors assigned \$3 of their Contingent Fees on deposit with the College to pay their initial membership dues to Rollins Alumni Inc. last spring. By Commencement, 71.7% of the Class of 1953 joined the Rollins Alumni corporation.

### **President McKean Welcomes Student Body As Rollins Reopens With 15 New Faculty**

President Hugh F. McKean reviewed the sound academic status of the College in welcoming the near capacity Student Body (approximately 570 for the Rollins ideal of teaching and housing), early in October at the first Convocation in Knowles Memorial Chapel this fall; and introduced 15 new members of the Faculty at the customary meeting of the entire official staff on campus before each College year begins.

Rollins, President McKean pointed out, has every accreditation available to liberal arts colleges in the nation. Fully accredited by the Southern Association of Colleges and Secondary Schools, it is a member of the American Association of Colleges, American Council on Education, Florida Association of Colleges and Universities, and the National Association of Schools of Music. For the benefit of the 225 entering Students, he recalled the announcement last spring that Rollins is now the only College in Florida enjoying membership in the College Entrance Examination Board, 1 of 9 so recognized in the South.

Three Faculty announcements were also widely publicized last spring; the reappointment of Dean of Men Joe Justice, who has filled that office for the past 2 years; the provision of a full-time basketball coach, the former Mercer mentor Dan Nyimicz, to relieve Dean Justice of his double athletic assignments; and the naming of Miss Jean W. Day, then director of Northwestern University's Willard Hall, to succeed Mrs. Marian Van Buren Cleveland, who was Dean of Women for the past 12 years at Rollins.

Dean Justice will continue to coach the Tar Baseball Team, which he has piloted to 4 State championships in the past 7 years. One of the best all-round athletes in Rollins history, he received his degree in Education with the Class of 1940.

Dean Day's previous experience, before assuming her duties at Rollins in September, includes Dean of Women at Park College in Missouri and Dean of Residence at Alabama College for Women. A graduate of Colorado College, she holds an M.A. degree from Northwestern University.

Coach Dan Nyimicz will teach basketball and golf at Rollins. He was outstanding in both sports at the University of North Carolina, where he earned his B.A. in 1950 and an M.A. degree in Education the following year. He produced the 1951-52 Dixie Conference Basketball Championship team at Mercer, where he was head coach for the past 2 years.

New Director of the Rollins Conservatory Robert Hufstader and conductor of the annual Bach Festival in Knowles Memorial Chapel who joined the Rollins Faculty on a part-time basis last year, commuting from N. Y. City where he was choral director for the Juilliard School of Music, has now moved to Winter Park to devote himself entirely to his duties here. A graduate of the Eastman School of Music, he has also studied at the Conservatoire American, headed the music department at the University of Buffalo and been an assistant professor of Music at Princeton University. He was a popular contributor on Rollins' Animated Magazine last February.

Dr. Francis J. Thompson, new professor of English, comes to Rollins from Johns Hopkins University. An authority and writer of numerous ar-

ticles and reviews on Irish Literature, Dr. Thompson has had a novel, "Abraham's Wife," recently published by the Vanguard Press. He also appeared on the last Animated Magazine, and holds degrees from both Columbia and New York University.

Dr. Melvin L. Greenhut, associate professor of Business Administration, received his degrees at Hofstra College in New York and Washington University in St. Louis, where he began his teaching career. He has since taught at Alabama Polytechnic Institute and Mississippi State College.

Dr. Roy L. Wilson, is visiting professor of Geology and Geography. He retired as staff  
(Cont'd. on page 14)

## ROLLINS ALUMNI CLUB ACTIVITIES

### In Miami

Rollins Alumni in Miami, Florida, are the first to report this fall on their Club activities. An enthusiastic number enjoyed a cook-out supper at the home of Mr. and Mrs. Lorin Coppock in Coral Gables before the Miami-Maryland football game, which they attended en masse. A chartered bus expedited their arrival at the Orange Bowl in time for the kick-off.

Miami Club President Joe Friedman '49 says, "Each of us contributed to the menu but it was our dynamo Secretary-Treasurer Betty Carson Wales '42 who supplied the planning and organization upon which the success of any such venture depends."

Mr. and Mrs. Coppock, whose daughter Alice and son Lorin are both now attending Rollins, extended the warm hospitality of their home last April when a score of Alumni in Miami met to elect officers and reactivated their local Club. Dean of Men and Tar Baseball Coach Joe Justice '40 attended this first recent get together of Rollins Alumni in Miami.

Rollins President Hugh F. McKean '30 and Dr. Edwin P. Granberry were guests and greeted many of their former Students at the second big gathering of Alumni in the Greater Miami area on the evening of June 12 at the Miami Shores Country Club. President McKean was invited to speak and informally briefed the Alumni present on the latest development of the College. Joe Friedman, who presided as head of the Miami Club, attributes much of the success of this dinner-meeting and renewed interest among Alumni there to their popular visitors from the campus.

### In Washington

Washington, D. C., Alumni have elected vivacious Diane K. Vigeant '52 president of their Club and staged a most successful Benefit to replenish their treasury this summer at the home of their 1952-53 President Dottie Aubinoe Griffith '48 in Bethesda, Maryland.

Costume jewelry, home baked cakes, and books were donated for sale by members. And there were pony rides, hot dogs, and cold drinks for the children.

All Rollins Alumni in that area were invited to bring along "anything that is not nailed down and that you have no use for, or not much use anyway—we'll sell it." And they did, for this Club event proved as profitable as it was festive.

Bernard Bralove '34 started the Washington Club off on the plus side with his check to cover their 1952 deficit!

Diane Vigeant covered the workshops on Alumni Clubs at the American Alumni Council's national conference at the Shoreham hotel in Washington last July for Rollins Alumni Inc., so interesting developments in this Club can be anticipated this winter.

### In Central Florida

November 16 is the date set for the initial event of the Central Florida Rollins Alumni Club's 1953-54 season. Alumni in the College community will again be guests of the Rollins Theatre Department at a Preview of the opening play at the Annie Russell Theatre. Admission to this annually popular occasion is by Club membership card only.

Sabin Pollard '49 now heads the Board of Directors of the Central Florida Club, which is beginning its fifth successful year. This Club's 9 Directors, 3 of whom are elected each spring, prepare and mail the program of monthly events for the coming year to all Rollins Alumni in Central Florida inviting them to renew their memberships each fall.

Varied activities to appeal to the interests of all members and reasonable dues of \$1 or \$1.50 for Rollins couples are the principal factors in the widespread participation in the Central Florida Club.

Since 1949 this Club has had a booth at the Rollins Fiesta, netting up to \$300 in a single year, in support of the Scholarship Fund at the College; and last spring joined the Students in giving 15% of the total amount earned to the community drive for a hospital in Winter Park.

The Central Florida Alumni Club, originally organized to continue and foster the enjoyment of new Rollins friendships only socially, has experienced its greatest period of growth and accomplishment since adopting definite objectives. Last year, during the chairmanship of Helen Steinmetz '04, movie experts among the Club members undertook to film a short movie of Rollins in color, financed by the College, for distribution to Rollins Alumni Clubs away from campus.

## NEW ROLLINS FILM NOW AVAILABLE

Copies of the attractive 10-minute film of "Rollins Today" are already being shown to prospective Students and are currently being booked nationally for television. Rollins Alumni Clubs may schedule showings of this latest Rollins film through the Alumni Office at the College this winter. Give a choice of 3 dates in requesting it.

Another major accomplishment of the Central Florida Club, for the enjoyment of all Rollins Alumni, was their refurbishing of the worn upholstery of 2 couches and 2 large overstuffed chairs in the lounge of the Alumni House.

The following Saturday they staged 3 benefit performances of an American Heritage Movie program at the Annie Russell Theatre, with a most effective display of period flower arrangements in the lobby. Dr. Kathryn Abbey Hanna graciously gave a brief historical introduction before each showing of the feature film, "The Howards of Virginia." Mr. and Mrs. Toy Dear served as co-chairmen, handled publicity, and organized all arrangements for this gala affair. Club members distributed posters and tickets, collected for advance sales and, working in shifts, ushered the hundreds of patrons to their seats.

So successful was this benefit that, after the treasury was reimbursed for the cost of refurbishing the lounge of the Alumni House, it was voted to purchase a new 9.6 cubic foot refrigerator for the better equipment of the kitchen. The Rollins Parents' Association contributed the first \$50 toward securing a refrigerator for the House nearly a year ago.

### **A.R.T. Bills Silver Anniversary Plays Alumni Day Benefit Matinee Planned**

Professor Howard Bailey, head of the Theatre Arts Department, is presenting the Rollins Players under the joint direction of Professor Wilbur Dorsett in a festival of six outstanding plays to celebrate the 25th season of the Annie Russell Theatre. Of special interest is Professor Bailey's generous proposal to stage an extra Saturday matinee benefit performance of the Founders' Week play, "Years Ago," for Rollins Alumni Inc. this year.

Through the fine cooperation of The Rollins Alumni Club of Central Florida, local committees are being formed to promote the advance sale of tickets to the Alumni Day benefit matinee and provide ushers for the occasion on the afternoon of February 20. A capacity house is the goal.

Another innovation this fall is the change of curtain time from 8:15 to 8:30 for all evening performances.

The initial play this season will be Sidney Kingsley's "Detective Story," a melodramatic hit that will open November 17 and run for five nights at the Annie Russell.

A double musical bill, Gilbert and Sullivan's "Trial By Jury" and "Down In The Valley" by Kurt Weill, will be presented next January 26-30.

The Founders' Week play, scheduled February 16 through 20, is always a major production at Rollins but this year's selection of "Years Ago" by Ruth Gordon is particularly interesting. A Rollins undergraduate A.R.T. veteran, Tony Perkins, is in the stellar cast of the Metro-Goldwin-Mayer film version of this play, soon to be released as "The Actress," with Spencer Tracy and Teresa Wright in the leading roles.

Booked for next spring are: "Bell, Book and Candle" by John Van Druten from March 30 through April 3; "The Young and Fair" by N. Richard Nash, April 27 to May 1; and "Mister Roberts" by Thomas Heggen and Joshua Logan, which will be staged outdoors on the lakeside, May 25-29.

Annie Russell audiences are accustomed to seeing one or two well-known Broadway actors annually as guest stars with the Rollins Players. This season promises to be no exception and further announcements will be made as the season advances.

## Tar Cagers Outlook Good

Tar basketball fans can expect an action-packed season from Coach Dan Nyimicz. His preseason policies with candidates for the Rollins Varsity indicate that he will floor well drilled teams and only players in good condition. Precision and teamwork will determine his starting lineups.

*Nyimicz*

Virtually all the 1952-53 Tar hoopsters have returned, only Lamar Brantley being lost by graduation. Badly handicapped by lack of height last season, they are now vieing with some tall Freshman talent for key slots on the Rollins Quintet. Six-foot-five Dave Feldman and six-foot-four Al Fantuzzi are making definite bids for regular berths at pivot and guard positions.

"Our experienced men lack height and our tall men lack experience," Nyimicz says. But All-Staters Bob MacHardy and Nick Vancho are back with their basket eyes cocked.

The 1953 Tar basketball schedule released by Rollins Director of Athletics Jack McDowall, with home games followed by an asterisk, is:

## DEAN CLEVELAND UNDAUNTED BY INJURY AT SEA

Former Dean Marian Cleveland is safely recuperating in a San Francisco hospital after weathering 2 weeks at sea with a broken left hip and wrist this fall. Just 3 days out of Tokyo, her ship struck a typhoon hurling her to the deck. But she insisted upon continuing the 2-weeks voyage to the States, nursed only by a fellow woman passenger, a returning missionary.

A number of Rollins Alumni in the San Francisco Bay area had planned to welcome Dean Cleveland as she returned from visiting her daughter, Mrs. A. R. White, and grandchildren in Japan this summer. Instead, her brother was at the docks with an ambulance to rush her to the hospital when she arrived.

At last report, she will be hospitalized in California until December 1 and be on crutches for the next 6 months. Meanwhile she is cheerfully receiving her mail and visitors at St. Luke's Hospital in San Francisco.

## Rollins College Mourns Mrs. Warren

*Frances Knowles Warren*

Mrs. Frances Knowles Warren, Rollins benefactress and Trustee since 1929, suffered a cerebral hemorrhage October 16 and passed away at Deaconess Hospital, in Boston, on October 25.

President Hugh F. McKean and Dean Theodore S. Darrah of Knowles Memorial Chapel flew to Boston immediately when word of Mrs. Warren's grave illness reached Winter Park. Dean Darrah remained in Boston for her funeral on October 28, while President McKean returned to Rollins

to arrange a Memorial Service for her attended by the entire College at the same hour in Knowles Memorial Chapel.

A daughter of the late Francis B. Knowles, a Founding Trustee of Rollins College and one of the far sighted early developers of Winter Park, Mrs. Warren had the distinguished ecclesiastical architect, Ralph Adams Cram, design the beautiful Knowles Memorial Chapel on campus in memory of her father. Among the works of art she placed in the Rollins chapel is the Reredos in the Sanctuary of the Frances Chapel, with an exquisitely carved panel of The Last Supper inspired by the painting of Leonardo Da Vinci, as a memorial to her mother. She also gave the Cloisters surrounding the Chapel Garden.

She was the largest single contributor to the building of the Rollins Student Center; gave the College its new Administration Building; and completely modernized the Knowles Science Hall.

But even more important, was Mrs. Warren's generous gift of her time and her personal interest to Rollins College. In 1935 the College conferred the L.H.D. degree upon her. And, in 1943, she was the recipient of the Algernon Sydney Sullivan Medallion, highest character award and recognition of selfless service to others at Rollins College. Last spring the Students dedicated their yearbook, THE TOMOKAN, to her in testimony of their esteem and appreciation of her genuine concern and provision for their welfare.

Frances Knowles Warren will be missed but always gratefully remembered at Rollins College.

## CLASS NEWS

### GAY NINETIES

Reporter: Dr. Henry B. (Hank) Mowbray, 442 Chase Ave., Winter Park, Fla.

We are most happy to be able to bring you up-to-date this issue on **Waldo Mack Abbott**, who attended Rollins 1898-99. Not only is he the author of the "Handbook of Broadcasting," published by McGraw-Hill in 1941, but is Director of Broadcasting at the Univ. of Mich. in Ann Arbor. He has also been director of Region II of the Nat'l. Assn. of Educational Broadcasters and chairman of the network Acceptance Committee of NAEB. Rollins entry into this international endeavor last year with its own radio station, WPRK, occasioned his writing and incidentally mentioning that he had been one of the youthful students here in those earlier years. We wish he would revisit the campus this next February 20 for Alumni Day, which we celebrate on the Saturday of

Founders' Week; for he could not but share our pride in the progress and growth of our Alma Mater. And among the 20 some handsome new buildings he would probably still recognize Pinehurst, Lakeside, Cloverleaf, and the Dinky Line, even though the latter now boasts a diesel engine!

This summer your correspondent enjoyed an impromptu reunion with **Col. George Morgan King** of Hyde Park, Mass., when he revisited Rollins with his sister, Miss Emma Desire King, and brother, Arthur W. King, M.D., all of whom attended Rollins under President Hooker our very scholarly first President of the College. Col. King has for many years held the record for being the first Alumnus to pay his annual dues and this visit greatly enriched our collection at the Alumni House of interesting old photographs and publications of those important first years of Rollins College's life.

Speaking of valued friends, **Jacob**

**Gazan** holds the record for having attended the last 18 annual Alumni reunions at Rollins. A Charter Student of the College, he is still actively practicing law in Savannah, Ga., and wrote that he planned to attend the recent national convention of the American Bar Assn. in Boston, Mass., and spend about a week in N. Y. City before returning home.

#### CLASS OF 1900

**Rev. J. Harold Dale** completed his 50th year as pastor of the First Congregational Church of Billerica, Mass. last June! He entered the former preparatory department at Rollins in 1892, earning the B.A. degree from the College in 1900. He then attended the Theological School in Andover and was graduated in June of 1903 a month after accepting the call to Billerica, where he has attained the unique record of serving continuously despite many calls to other churches over the years. In 1943, Rollins College conferred the honorary Doctor of Divinity degree upon him and last June the Lowell, Mass., SUNDAY SUN'S pictorial magazine section carried his portrait on its cover and, in a 2-page center spread, portrayed the esteem and affection in which the whole community holds him there. We congratulate and salute you again, Rev. Dale.

#### CLASS OF 1901

**Arthur Schultz** and Mrs. Esther Mead Smith of Ogunquit, Me., were united in marriage at a morning ceremony in All Saints' Episcopal Church of Winter Park early in May. His son, **Bill Schultz '38**, served as best man and there was a beautifully appointed wedding breakfast for the bridal couple at the Hibiscus Room of the Eola Plaza in Orlando immediately following the church service. Artie and his wife only recently returned from their wedding trip through the northern states to make their home in Winter Park.

#### CLASS OF 1904

This summer **Ira Johnston** and his brother, **Dr. Hewitt Johnston** of Orlando, traveled to Central and South America. They spent most of their time in Nicaragua, where they were graciously entertained in Jinotega and Leon. Both of their hosts were members of the Nicaraguan congress. On their return trip home they visited Panama, took in the Canal Zone, and stayed some time in Barranquilla, Columbia. S. A. Ira studied Spanish

while he attended Rollins 1902-05 and says he was amply repaid on this trip for all the time he ever spent studying the language and attending Spanish Club.

#### CLASS OF 1905

Reporter: **Mrs. W. W. Yothers (Ada Bumby)**, 457 Boone St., Orlando, Fla.

**Everett Bates'** spacious old hotel in Altamonte Springs was completely razed in a \$100,000 fire while he was in Jackman, Me., last July. The combined efforts of the Sanford, Altamonte Springs, Sanford Naval Air Station, Maitland, Longwood, Winter Park and Orlando fire departments were unable to save the 71-year old Central Florida landmark. Among the many prominent guests who have registered at the Altamonte Hotel were: **Ralph Waldo Emerson**, **Cordell Hull**, and **Miss Rose Cleveland**, sister of the late President **Grover Cleveland**. In 1890-91 **Mrs. Julia Dent Grant**, widow of President **Ulysses S. Grant** and their son spent the winter in a nearby house but had all their meals at the Altamonte Hotel.

Gerald Kinnear, who is with the U.S. Navy Procurement Dept. and was stationed in Hawaii for years, revisited Rollins August 24 for the first time in over 30 years. In spite of all the new buildings on campus, he immediately recognized Chase Hall and Cloverleaf, and stopped by the Alumni House to try to locate Earle and Jean (Wagner) Shannon, Jimmie James, Anne Stone and some of his other Rollins friends. Gerald now lives in Alexandria, Va., at 3390 Martha Custis Dr., but was enjoying a vacation at Daytona Beach when he decided to drive over to Winter Park.

Your reporter spent the month of June in Winter Park, but I was too busy packing my Mother's possessions to move her to Ft. Worth to even get by the Alumni House. We spent the remainder of the summer in Mexico City.

## *Opportunity Unlimited*

On February 4, 1953, Rollins Alumni were granted a charter as a non-profit corporation according to the law of the State of Florida. Although organized since 1898 as an Association, until incorporated last February, Rollins Alumni could not legally own property as a group or administer their own funds.

The College immediately recognized the value and ultimate financial benefit to Rollins of an independently responsible Alumni organization.

President Hugh F. McKean officially declared the policy of his administration "not to solicit funds directly from the Alumni but to encourage them to contribute to the support of the College through the Alumni corporation." That not only makes it possible to credit the total Alumni contributions to the College individually and collectively in the Alumni Office but, obviously, any diversion of Alumni financial support will only delay if not circumvent the ability of Rollins Alumni Inc. to relieve the underwriting of operational expenses of the Alumni House, Alumni Office, and Alumni publications, in the College budget.

On February 23, 1953, at the next annual meeting on campus during Founders' Week, Rollins Alumni formally adopted Rollins Alumni Inc. as the legal successor to their former Association.

The Board of Directors of Rollins Alumni Inc., elected by a mail poll last January of all former Students, realized that the participation of the full potential membership would not only assure the success of the plan to undertake financial responsibility, but provide for expanded Alumni services and publications. Reassured by their election that the majority were in accord with this, they set minimum annual dues of \$3 to make it possible for all to share in these first Alumni objectives for the College.

Means to promote the participation of such a widely distributed Alumni body as ours have been limited. Yet approximately 800 of you have paid 1953 dues to date, counting the 9 original Life Members. Within this first 9 months, 13 Rollins Alumni have added their perpetual support by becoming Life Members and 19 are paying \$20 each for the next 5 years to become Life Members. By joining these who have already responded, you will be entitled to vote in the coming Alumni elections and will continue to receive THE ROLLINS ALUMNI RECORD.

NOW is the time for each of you to make your check or money order payable to "Rollins Alumni Inc." and send it to the Alumni Office on Campus by the next mail!
