JULY, 1951

Member of the American Alumni Council

The Rollins Alumni Record, July, 1951. Published Quarterly by Rollins College in **October, January, April and July**. Office of publication: Alumni House, Winter Park, Florida. Entered as second-class matter June 28, 1938, at the post office at Winter Park, Florida, under the Act of August 24, 1912.

Rollins Students still jubilantly applauding President McKean as the past and present heads of their Student government, Ken Horton and Ed Cushing, and Senior Class President Buddy Tate carry him from the Annie Russell Theatre on their shoulders, after he addressed the entire College on May 14 and was accorded a standing ovation

Trustees Name McKean Acting President Reinstate Faculty And Athletics

The Board of Trustees has officially named Professor Hugh F. McKean, well known member of the Faculty for the past 20 years, acting president of Rollins College while a permanent selection for the office is being made; rescinded the dismissal of a third of the Faculty, which had been represented to them as a necessary economic measure (see opposite page); and determined that intercollegiate sports shall be continued at Rollins.

These actions were taken after a thorough investigation of the situation on campus at the April 27 adjourned meeting of the Board culminated in the Trustee decision to terminate the 20-month Administration of Paul A. Wagner as president of Rollins College. This course was overwhelmingly urged by the majority of the College's Faculty, Alumni, and Students.

The popular selection of soft-spoken 42-year-old Professor McKean to head the new Administration at Rollins was not announced, however, until May 13 to permit his youthful predecessor to be relieved of his responsibilities to the College with personal dignity.

In assuming responsibility, McKean announced that he would serve without remuneration, returning the salary of the position of president of the College as a contribution. First graduate of Rollins College to be appointed to this post, Professor McKean said, "I have accepted the position of acting president of Rollins because of my devotion to the College."

In a second unique move, McKean filed his formal letter of resignation from the presidency, which was pre-dated to June, 1952, with the Board upon accepting the appointment. His advance resignation, he explained, was submitted to "put a definite time limit on the interim presidency at Rollins," and to make clear his "intention to relinquish the post as soon as an eminently qualified American educator is selected to assume the permanent position of president of Rollins College."

Chairman of the Board Winthrop Bancroft announced early in July that a northern and southern Trustee committee, including some Faculty, have been asked to select the names and qualifications of 10 candidates each to be submitted at a subsequent called meeting. An Alumni committee is to be chosen to work with these groups.

"In considering the problem of naming an educator to serve for the interim period," Secretary H. W. Caldwell announced for the Board, "the Trustees sought one with long experience in teaching, who was intimate with the varied elements of the tradition of higher education in America."

In President McKean Rollins College has an experienced leader, educator, and exponent.

During the 1951 Founders' Week ceremonies at Florida Southern College in Lakeland last March, Dr. Ludd M. Spivey presented him with a scroll which reads: "The President, the Board of Trustees and the Faculty of Florida Southern College award this Citation of Meritorious Service to Hugh McKean in recognition of competent counsel, wise leadership, diligent work, stability of character and loyal support of community and civic enterprises."

As director of the Morse Gallery of Art at Rollins, President McKean has contributed importantly to the cultural advancement of the community. A distinguished artist of national reputation himself, his canvases have been shown in the Second National Exhibition of American Painting in New York City and numerous regional and State annual art exhibits. Three times, within recent years, his paintings have been acclaimed Best Work in Show in Florida and widely toured with other prize winning works. The Toledo Museum of Art in Ohio and the University of Virginia in Charlottesville

Dr. A. J. Hanna

own 2 of his paintings. Last year he was elected president of the Florida Federation of Art.

McKean served with the U. S. Naval Reserve 1942-45, attaining the rank of Lt. Commander, and was stationed in India for a year. He graduated from Rollins College in 1930, earned his M.A. degree at Williams College, did further graduate work at Harvard University on a Carnegie Scholarship, and holds a diploma from L'Ecole de Beaux-Arts Americaine in Fontainebleau, France.

Under the new Administration, Rollins College will educate young men and women with special regard to the responsibilities and privileges of good citizenship as well as intellectual integrity. "By teaching in this way," McKean believes, "we will not only illuminate lives, but put moral steel in our defenses."

Treasurer John M. Tiedtke

In accepting office, President McKean announced the appointment of Dr. A. J. Hanna, Weddell Professor of American History at Rollins, and Treasurer John M. Tiedtke, who will also serve without remuneration, as his executive assistants.

Dr. Hanna, acting first vice president, was closely associated with the late Dr. Hamilton Holt throughout his 24-year Administration. Veteran of 34 years as a member of the Faculty and official Staff of the College, Dr. Hanna has been director of Inter-American studies for many years. He is the author of innumerable historical works, having been decorated by France with the University Palm for achievement in this field. Graduating from Rollins College in 1917, he studied and has done research work in both Europe and Latin America, and received the honorary L.H.D. degree in 1945. Dr. Hanna is listed in "Who's Who in America," "Who's Who in American Education," and "The Directory of American Scholars."

Mr. Tiedtke, acting second vice president, joined the Rollins Faculty of Business Administration in 1936 and has been treasurer and business manager of the College since 1949. A successful business executive of Toledo, Ohio, he has been active in the development of the Florida Everglades since 1938 and has a 2,000-acre plantation there. In 1950, the Secretary of Agriculture appointed him to the Advisory Committee on International Sugar Agreement. An organizer and president of the Glades Electric Cooperative, supervisor of the Diston Island Drainage District, a director of the Fosgate Citrus Concentrate Cooperative in Orlando and chairman of the Sugar Committee of the Florida Farm Bureau Federation, he is a director on an important list of boards. He graduated from Dartmouth in 1930 and holds the M.C.S. degree from the Tuck School of Business Administration there. For the past 11 years Mr. Tiedtke has been a Trustee and member of the Finance Committee of Wooster College.

President McKean's Message

I am sure you all want to know what the coming year will bring to Rollins College, guided by an Administration in which the acting president and first vice president are Alumni. Our overall plan is to lead Rollins in the direction of its best traditions and revitalize it with common sense.

We are simplifying administrative procedures to bring them into harmony with the spirit of a small and sensible college. There will be fewer memorandums and reports, less paper work and fewer committee meetings. We will waste neither money nor time, and we will place the emphasis where it belongs, on good teaching and high academic standards.

We are introducing new courses, as described in this issue of THE ROLLINS ALUMNI RECORD, designed to help young people become better informed, more responsible, and more enthusiastic American citizens.

Rollins will compete with other colleges in basketball, baseball, crew, tennis, golf and water sports. Many of our incoming students are outstanding athletes, and we have high hopes for many Rollins victories. We are proud of the long list of Rollins students who have done well in their studies while they have distinguished themselves in athletics. They have made a Rollins tradition we must maintain.

As we all know, a large enrollment of good students is essential to the success of next year. We must face the fact that the change of Administration last spring was not accepted by all concerned as gracefully as one could have normally expected; and we must face the fact that some of the resultant publicity will affect next year's enrollment. How much, we do not know yet.

There is, however, a brighter side to the picture. Rollins has the finest Admissions team possible, an enthusiastic Student Body working with loyal Alumni. This team is getting results. Applications are increasing daily, and we are making great progress. I do not want to sound too optimistic because we still need new students, especially men, and we earnestly hope you will leave nothing undone to send good students to Rollins.

Rollins has stood up to its test. The spirit of the Students was never better, the Faculty were never more ready to work and make sacrifices, and the Alumni never had more interest in their Alma Mater. From all of this something must come. What I would like to see is a Rollins true to its traditions, but new in its determination to lead education in the direction of developing qualities of the spirit as well as those of the mind.

To all of you I want to send our gratitude for the many ways you have shown your love for Rollins. If you continue to stand by us success surely lies ahead.

Rollinsites Unite To Boost Fall Enrollment

The dynamic community of interest in Rollins is now manifest in the most concerted drive in the 66 year history of the College for a maximum enrollment next fall.

This spirited campaign to offset the predicted drop in college enrollment throughout the Country next year was initiated by the Rollins Students themselves volunteering last spring to actively recruit others this summer. More current undergraduates reregistered for next fall before June 1 than by the same date last year. And over 200 of them now on vacation in different sections of the United States, the Faculty, and an increasing number of Alumni, are personally contacting every potential Rollins Student in their vicinity.

"It is with a feeling of very sincere appreciation," Director of Admissions Jack Rich says, "That I work with such a team of Students, Faculty, and Alumni, in their enthusiastic devotion to the College in this vitally important work. While in no way relaxing our standards for admission, many well qualified students are now hearing about Rollins in a unique personalized way. There is no doubt that the value of this will be realized at Rollins for years to come."

Jean Currie, Don Brinegar and Max Grulke cooperated as a field team to call on eligible students in the Miami, Florida, high schools during Commencement Week.

Other Rollins Students who have been especially active this summer are: Ann Lewis Turley in Kentucky; Diane Vigeant in the Washington, D. C., area; John DeGrove in the Jacksonville, Fla., area; Dick Elliott in Illinois; Clason Kyle in Georgia, Alabama and Florida; Jerry Faulkner in Pennsylvania; Ed Cushing and Jon Dunn-Rankin in Connecticut and Massachusetts; Alys Oglesby in Louisiana; Valerie Stacey in Wisconsin; Dale Travis in Tennessee; and Jeannie Wiselogel in Indiana. Many more are still sending in applications and valuable contacts.

The Rollins Admissions Office staff has been doubled to supply these widely dispersed teams in 45 States with brochures, catalogues, interview sheets, application blanks and lists of those who write from their area for information about the College.

Early in June, Admissions Director Jack Rich made a scheduled trip covering Washington, D. C., Baltimore, Philadelphia and greater New York.

Dr. John W. Shank, new associate director of Admissions, is working with a large group of Student volunteers in Central Florida. They held open house for all local high school seniors on the evening of June 28 in the Student Center. Representatives of the Faculty were present to advise those interested in every department of study at Rollins and Alumni and friends of the College in the community assisted in serving refreshments. President Hugh F. McKean, speaking informally, welcomed the guests preceding a showing of the latest edition of the Rollins Newsreel.

A few weeks later all prospective Students in Central Florida were invited to a picnic and swim at the Rollins beach house, The Pelican, by members of the new Cracker Club.

President McKean and Dr. A. J. Hanna, vice president of Rollins, boarded a plane in Orlando July 17 to meet with key Students, Alumni and Faculty coordinating their combined efforts for a full quota of new students

A Calendar Review Of The Rollins Controversy

NOTE: Because of the intermittent national press coverage of the Rollins Controversy, many Alumni have indicated a lack of knowledge of the sequence and nature of events. THE ALUMNI RECORD, in reviewing the main turning points, is motivated by a desire to help correct misconceptions which arose from spotty coverage in the national press and to attempt to answer, in brief form, the many questions of Alumni who have written for information on what has happened at Rollins.

- March 5 Dr. Wagner announced impending faculty cuts at a Faculty meeting in Dyer Memorial. "This is final," he stated, "... there will be no discussion and no appeal."
- March 7-10 Dr. Wagner held individual conferences with part of the Faculty members who were to be dismissed. (Approximately 1/3 of the Faculty, including Dr. Nathan C. Starr, Dr. Paul Vestal and Professor Angela Campbell.)
- March 8 A meeting of Faculty members was called by the local chapter of the American Association of University Professors. Dr. Wagner was present. The Faculty indicated the desire to submit alternate proposals for ways and means of raising money.
- March 9-11 Students began to go to the Dean, Treasurer and Dr. Wagner with questions and alternate proposals for saving money.
- March 10 Student meeting in Rollins Center. Students tried unsuccessfully to get Dr. Wagner to attend. Dr. Wagner said he could not attend because faculty interviews were still going on.
- March 11 Student sponsored meeting in Student Center, estimated 600 people present, including Dr. Wagner, 4 local trustees, and Mayor and Mrs. McCaully of Winter Park. Some Students were disappointed when Dr. Wagner left before constructive Student proposals were presented.
- March 12 Student newspaper, THE SANDSPUR, put out an Extra headlined "Dismissals Rock Rollins." Dr. Wagner was reported as saying dismissal action did not affect the tenure policy of the College; and editorial indicated Student lack of confidence in Dr. Wagner and urged him to cooperate with Students and Faculty to bring an end to the crisis.
- March 13 By this date Student, Faculty, and Alumni committees had been elected to investigate dismissal action and to coordinate other ways and means of economizing and money raising.
- March 14 Faculty meeting called in Annie Russell Theatre by Executive Committee of Board of Trustees. The Alumni Council, Student Committee and press, including LIFE magazine, were invited. Dr. Wagner gave a brief explanation of Faculty dismissals. Student Committee was disappointed at not being allowed to ask questions.
- March 15 ORLANDO MORNING SENTINEL reported list of Faculty dismissed (16 full-time, 5 part-time, 2 non-teaching Faculty.) Meeting in Dr. Wagner's office of Student, Faculty, Alumni and Staff Committees, and local Trustees, presided over by Dr. Eugene Smith.
- March 16 Local chapter of A.A.U.P. asked officially for investigation by American Association of University Professors. ORLANDO MORNING SENTINEL announced appointment by Winthrop Bancroft, chairman of the Board of Trustees, of a Trustee Committee to look into the controversy. Executive Committee of Rollins Alumni Council voted to ask Board of Trustees to remove Dr. Wagner as President, following an open meet-

- ing with all available Alumni in area. This meeting lasted 3 hours, during which all known facts were reviewed and ended with an overwhelming vote of endorsement of the Executive Committee's proposed action. A tape recording of this meeting shows that only 1 dissenting vote was cast.
- March 21 Committees and individuals conferred with the Trustee Hearing Committee appointed by Chairman Bancroft.
- Meeting of civic leaders held in Annie Russell Theatre at Dr. Wagner's invitation.
- Rollins news began appearing in TIME, LIFE, and the national press.
- March 30 8-page report mailed to all 4,200 Alumni by Executive Committee of Rollins Alumni Association.

- April 6 4-page denial of Alumni Executive Committee's report of March 30 sent to all Alumni.
- April 12 Rollins Alumni Club of New York met to hear both sides of the question. After Dr. Holt spoke to them by telephone, the New York Alumni voted endorsement of Dr. Holt's recommendation that President Wagner resign for the good of the College and all concerned.
- April 14 Meeting of the Board of Trustees.
- April 15 Trustee meeting adjourned to New York on April 27.
- April 16 Dr. Wagner called Student meeting, announced he would not resign, attacked some Trustee members. Speech repeatedly broadcast locally April 16 and April 17.
- April 19 Mayor McCaully of Winter Park called a "public hearing . . . to clarify the Rollins controversy" for April 24.

- April 23 Visiting Committee of Educators called by the Executive Committee of the Board of Trustees met with Faculty.
- April 24 Senior Class voted to ask Dr. Holt to sign their diplomas.
- April 26 Word was received on campus of death of Dr. Holt. Classes cancelled.
- April 27 Board of Trustees met in New York.
- May 8 Winter Park-Orlando Citizens Committee formed. (This group began publishing a series of newspaper ads backing Dr. Wagner and sponsoring control of Rollins by residents of Central Florida.)
- May 10 Majority of Students held a dignified walkout. Student leaders urged all veterans to attend classes and all others to continue studies outside of class. Students wanted Trustees to announce decision on Dr. Wagner.
- May 11 SANDSPUR Extra, headed "Rollins at Stake," catalogued grievances against Dr. Wagner.
- May 12 Dr. Wagner questioned SANDSPUR editor on source material for Extra edition above.
- May 13 Dr. Wagner called for retraction of SANDSPUR Extra. If not retracted by 3:00 P.M., he indicated entire staff would be suspended.

No retraction was made. SANDSPUR later announced "The truth is not retractable."

- May 13 At a 10:00 P.M. special meeting in Morse Gallery of Art, attended by numbers of Trustees, Faculty, Alumni, Students and representatives of the press, announcement of the Trustee decision was greeted by tremendous ovation. Decision indicated Dr. Wagner was dismissed because "his services in behalf of the College have not contributed to the best interests of the institution." Professor Hugh McKean was appointed Acting President. Faculty were reinstated, Intercollegiate athletics, with exception of football, were restored.
- 11:30 P.M. Reports had arrived at meeting in Morse Gallery of Art that Dr. Wagner, assisted by Mr. Tollefson, was removing files from the Administration Building. Several hundred orderly people gathered in front of Administration Building. Material was carried from Dr. Wagner's office to an automobile. As Dr. Wagner, himself, came out and walked to his automobile, entire gathering watched him in complete silence. When Dr. Wagner had driven away, there was a short, moving talk by the Dean of the Chapel. Then the gathering sang the Alma Mater and quietly dispersed. Many of those present have described this scene—the dead hush of the gathering and the spontaneous singing—as one of the most moving ever witnessed.
- May 14 Students return to classes. At all-College meeting sustained ovation was given new Administrative officers. Acting President McKean was carried from meeting on shoulders of Students.
ORLANDO EVENING STAR reported in headline, "Wagner Says 'Still President'."
- May 21 It was announced that Dr. Wagner was suing 11 Trustees for \$500,000. He charged them with "wrongful and unlawful conspiracy" and with damaging his good name and reputation "to such an extent that no other college or school would favorably consider" him for a similar office.
- May 24 News reached the campus that Florida Legislature had passed a bill ousting all out-of-state Trustees at Rollins. The pictures of new local trustees installed by the bill appeared in local press. The bill had not yet been signed by Governor Warren.
All-College meeting held, attended by many townspeople. Speeches of protest against the bill were made. Petitions were signed. It was reported that new Trustees were pro-Wagner and would vote him back in at next Trustee meeting already scheduled for May 29.
- 11:00 P.M. Students, Faculty, Alumni and townspeople began leaving in special buses and motorcade for the all night drive to Tallahassee. Hundreds of protest wires were sent by those who remained.
- May 25 ORLANDO MORNING SENTINEL headlined "Central Floridians to Run Rollins." In Tallahassee, an orderly group filled 1 entire gallery of the Florida House of Representatives as the Rollins Bill was brought up on the floor for recall. Arguments were briefly heard for and against recall. The recall was voted down.
Editorials in Sanford and Tampa newspapers attacked the "Rollins Bill." The SANFORD HERALD editorial was titled "In Ignorance and Haste"; the TAMPA TRIBUNE called the Bill "A Legislative Outrage."
- May 28 At the end of the Honors Day Program in the Annie Russell The-

atre, word that the Rollins Bill had been killed was received with a cheering ovation.

May 29 Trustee meeting. It was announced that the Trustees "reaffirmed, confirmed and ratified" the Wagner dismissal.

May 30 At 7:00 P.M. an academic procession of Students and Faculty carrying lighted candles marched to the Chapel where they rededicated themselves in impressive ceremonies to the Rollins ideal of the individualized curriculum and the free mind. The Rollins campus buildings were illuminated by floodlights at the conclusion of this convocation; the Alumni held a reception in the Rollins Center for the entire College and townspeople; and the Students entertained with a Campus Sing and Sonnet contest, followed by an informal dance in the Center patio.

May 31 Dr. William A. Constable of the Rollins English faculty, gave the Baccalaureate Sermon entitled "The Spirit of Our College."
Acting President McKean held reception for graduating Class.

June 1 Diplomas were signed and presented by Acting President McKean.
Dr. Wagner still refused to leave President's office.

June 3 Dr. Wagner, in the presence of his own and the College's attorney, gave up the president's office.

June 21 Dean Stone and Dean Waite announced their resignation as Deans but not from the teaching Faculty. Dr. Rhea Smith was appointed Acting Dean until the fall term.

Dr. Wagner enrolled in a law course at Stetson. It was reported that he had rented a house in Winter Park.

June 30 ORLANDO EVENING STAR headlined "Trustees Answer Wagner Suit."

The Trustees admitted they adopted a resolution calling for dismissal of one-third of the Faculty, but declared it was done at the insistence of Wagner who they said gave them an inaccurate financial report of the College and did not follow tenure regulations in his subsequent dismissal of the Faculty. They stated that "he is an excellent actor and when the occasion demands, he has the ability to give the impression that he is a man of dynamic ability, pleasing personality and a natural born leader. He completely deceived the defendants as to the manner in which he was performing his duties at Rollins College."

In answering Wagner's specific charges that his good name and reputation as a college administrator was damaged, the Trustees declared that his "reputation as a college administrator at Rollins College was so bad that it was one of the reasons these defendants voted for his removal as president."

Dr. Rhea Smith Appointed Dean For Summer

Dr. Rhea Marsh Smith, professor of History, became acting dean of the College June 20 and will continue to handle academic matters and Student relations until a chairman of the Faculty is elected. He replaces Dr. Wendell C. Stone as dean of the College and Dr. Alex Waite as administrative dean, both of whom resigned early last May to resume full time teaching at Rollins next fall.

Dean Smith has been a member of the Rollins Faculty since 1930. He is a graduate of Southern Methodist University, where he was made a member of Phi Beta Kappa, received his M.A. at Princeton and the Ph.D. degree from the University of Pennsylvania.

128 Seniors Receive Rollins Degrees And Honors As College Year Closes With Gala Festivities

On June 1, 1951, Rollins College granted 128 degrees in course and honors to members of the Senior Class. Acting President Hugh F. McKean led the entire Faculty in Academic Procession to Knowles Memorial Chapel for the impressive Commencement Exercises, beginning at 10 o'clock that morning.

S. Kendrick Guernsey, executive vice president of Gulf Life Insurance Company and past president of Rotary International, delivered the Commencement address. "Years ago," he said, "I realized that in the natural course of my life it was going to be necessary for me to be alone with myself a large portion of the time. I determined then to make of myself the kind of gentleman with whom I would like to associate."

"If you would have friends, be one," Mr. Guernsey advised. "Give generously of your time, your thoughts, your efforts, your money to worthy causes. It will come back to you many fold." Referring to the recent controversy at Rollins, he concluded with these words, "amidst the cross currents and confusion there remains unmoved a great and glorious history of cultural and educational achievement; the happy memories, the love, affection, and pride of its thousands of Alumni; the name and fame of those who have gone before us; the physical assets, the buildings, equipment, unsurpassed scenic location; and above all, its wonderful potentialities for the future."

President McKean then invited the parents of each Senior to stand as he distributed the diplomas bearing his signature. Bachelor degrees *with Distinction* were conferred upon: Vernon Richard Morgan; Marjorie Mae Norris, in History; Richard Lynn Johnson, in Chemistry; and Fred McFeely Rogers, in Music Composition. Between 500 and 600 families and friends witnessed the ceremonies.

The Libra Cup for campus leadership was awarded Ann Lewis Turley of Richmond, Kentucky. The Wattles Graduate Scholarship of \$450 in memory of the late Dr. Willard Wattles went to Mariel Riddle of Orlando. And Richard L. Johnson of Wahoo, Nebraska, Marjorie M. Norris of Winchester, Massachusetts, Robert L. Robinson of Millville, New Jersey, Fred M. Rogers of Latrobe, Pennsylvania, and Maude D. Trismen of Winter Park were the recipients of the General Reeves awards of \$100 each for maintaining the highest academic standing during their last 3 years at Rollins.

Commencement Day opened with the Alumni-Senior Sunrise Breakfast under the old Family Tree, oldest continuous tradition at Rollins College. In spite of the early hour, a good turnout will long remember seeing the first rays of the sun on the Chapel tower from across Lake Virginia and this hearty breakfast in the open. Many of the Faculty joined the local and visiting Alumni in making this annual event a real success.

The celebration of Commencement Week began with the Baccalaureate Service in Knowles Memorial Chapel on the afternoon of May 24. The Rev. William A. Constable, pastor of the First Unitarian Church of Orlando and associate professor of English at Rollins, was invited to give the sermon and spoke inspiringly on "The Spirit of Our College."

Honors Day was held in the Annie Russell Theatre the following

Tuesday, when the undergraduates and Seniors were given special recognition and scholarships in theatre arts, science, debate, and music. Dean of Women Marian Van Buren Cleveland received the Libra Award for her contribution to the Rollins way of life. And a second special award was made to Mrs. Willard Wattles of a plaque beautifully inscribed in memory of her late husband, beloved member of the Faculty for many years, by OOOO, the elite Rollins men's organization.

A Festival of Light, the day before Commencement, brought the week of festivities to an inspiring close. Visiting parents and the whole college community were invited to audit classes that day and tour the campus with Student guides. Dick Pope, Rollins' world champion water skier put on an exhibition and the girls' Tarpon Club staged a water ballet and high diving on the campus waterfront. Class Day exercises were held in the Rollins Center patio that afternoon, when Seniors received individual honors in full academic dress, before their assembled teachers, families and friends.

That evening the entire College filed in academic procession, carrying lighted candles and led by torchbearers, into Knowles Memorial Chapel. In solemn convocation, under the direction of Dean of the Chapel Theodore S. Darrah, the College rededicated itself in unison to the Rollins ideals of individualized education and the free mind.

The whole campus was illuminated, with floodlights on the principal buildings, as more than 500 left the Chapel to attend a reception in the Rollins Student Center given by the Alumni. The Students staged a Campus Sing, led by Shirley Christensen, a Senior and recipient of a Fullbright Scholarship for a year's study abroad. Their Spring Sonnet contest was then followed by an informal dance for the College and its many guests in the Center patio.

Burma and UN Honor Memory of Former Rollins Student

The government of Burma is building a hospital in Rangoon, one wing of which will bear the name "The Howard R. Ogburn Clinic." The United Nations "Citizens of the World" series is also doing a broadcast on his life and career.

Howard Reynolds Ogburn, known as Ren to his family and many friends, attended Rollins College 1931-32 as a member of the Class of 1933. He died unexpectedly of heart failure on October 10, 1949, in Rangoon. Mission Chief for the United Nations International Children's Emergency Fund, with headquarters in Bangkok, he had previously served with the United Nations for 6 years in China, India and southeastern Asia with only a brief visit home to the States in 1948.

When Ren passed away Dr. Ni of Peiping wrote his father, Professor William F. Ogburn of the University of Chicago, and mother: "The death of your son is a loss to my country. For Reynolds' penetrating insight into the Chinese social problems and his high sympathetic understanding of the Chinese people would certainly have contributed to a better relationship between China and the United States."

N. Y. Alumni Give President McKean Reception Get First Report On New Courses At Rollins

Over 100 Rollins Alumni in N. Y. City and vicinity gathered at the Lotus Club on June 2 to welcome President Hugh F. McKean. Officers of the N. Y. Alumni Club, President Severin Bourne '34, Vice President Jack Cooper '48, Secretary Betty Lanza '44 and Treasurer Dudley Darling '41 greeted guests and invited the guest of honor to speak.

"We are reviewing the curriculum in the light of the needs of students in the year 1951-52. The special needs of young people today," he pointed out, "are a clear understanding of basic American institutions, too often taken for granted; a better understanding of peoples of other nations; and an understanding of the role of the military establishment of our country."

"To meet the first need," President McKean said, "we are introducing a course in American institutions, emphasizing the contribution that free institutions have made to American culture. The course will deal with such basic principles as free speech, free press, free enterprise, and a fair trial by jury. Comparisons will be made between the free American press and the press of countries under Russian domination and between the trials by jury in this country and trials in the totalitarian countries."

"The second need," he indicated, "will be met by a course called Neighbors of the World. We wish to seek a better understanding of the peoples of other nations with emphasis on the fact that peoples of the world are as they are, partly at least, because of certain constant factors, including climate, physical geography and location with respect to land masses and seas. We want Rollins students to know the physical facts of the world and to realize that people in foreign countries are not like our people; that they do not hope to be like us; and that our individual thinking as well as our foreign policy should be based on an understanding of this fact."

"The third need," he continued, "will be met by a course called Orientation for Service in the Armed Forces, designed to give the student basic knowledge of the various branches of the military establishment of our country and to make his entrance into one of them easier."

In conclusion, President McKean said that Rollins will have essentially the same distinguished Faculty it had last year with the addition of a number of eminent visiting consultants.

Oliver K. Eaton, former member of the Law Faculty and visiting lecturer at Duquesne University for many years, will supervise the course in American institutions. Mr. Eaton became known as one of America's outstanding trial lawyers in Pittsburgh where he was a Judicial Appointee to the Board of Public Education.

An illustrious list of consultants in the Orientation for Service course includes: Lt. General George H. Brett, USAF, Ret.; Lt. General Lewis H. Brereton, USAF, Ret.; Brig. General John F. Egan, USAF, Ret.; Brig. General Henry A. Barber Jr., USA, Ret.; Brig. General James F. Moriarty, USMC, Ret.; Rear Admiral Allan R. McCann, USN, Ret.; and Col. Richard C. Babbitt, USA, Ret.

Another course, added later, is to be called After College and will be of special interest to Alumni. This course will consist of discussions led by visiting Alumni who are outstanding in their particular profession and wish to guide students in the choice and pursuit of their careers.

President McKean has also subsequently announced that Rollins will offer a wider range of selected extension courses to serve the College community. Under the direction of Professor George Saute of the Mathematics Department, special instruction in investments and financial problems for laymen is being added to adult classes in languages, music appreciation, art, and creative writing. Education courses which will be given for college credit on Saturdays and evenings for teachers in the community and Students toward teachers certificates are being planned. A junior theatre and further extension work with children in music and languages will also be offered.

McDowall Says 1951-52 Tar Outlook Good

Rollins College will definitely compete in intercollegiate sports again next fall. Fans have been eager to know veteran Tar mentor Jack McDowall's expert opinion on the prospects since the threatened suspension of athletics at Rollins last spring.

"We'll be stronger in every sport next year, with the possible exception of crew," Athletic Director McDowall predicts. "In fact some of our teams should rank with our best in the past."

Considering the success of the Tars in the past, McDowall's prediction is good news to Rollins supporters.

Here are a few sports highlights since the end of World War II. The Tars won the State baseball championship for 3 years in a row. The crew finished second in 3 of the Dad Vail Regattas. Ricardo Balbiers '50 went to the finals in the national intercollegiate tennis tournament; Betty Rowland '51 won the national college golf crown; and Bill Key, who returns for his Senior year at Rollins next fall, holds the State golf title. The Rollins tennis team has been ranked as one of the best in the country, and the girls' golf team copped the national golf team crown for 2 years running.

The 1950-51 varsity records read: basketball, 11-10; baseball, 11-13; tennis and golf, each 7-2. The crew won 4 and lost 1 dual race; lost to Boston University and Florida Southern in a 3-way meet; finished third in the Florida championships and sixth in the Dad Vail Regatta.

Every veteran Tar can expect competition for a berth on a team, but here's how the situation looks now.

Basketball: lost by graduation, Pete Fay and Francis Natolis; returning, Frank Barker, all-state center, Ev Williams, Dick Seyler, Jim Fay, Bill Ross and others.

Baseball: lost by graduation, Buddy Tate, leading Tar hitter, and Natolis, both outfielders; returning, all others, including the entire pitching staff and Lyle Chambers, hard hitting second baseman.

Tennis: lost, Tom Molloy; returning, Calhoun Dickson, Alfredo Millet, Alberto Danel, Jim Wesley and others.

College Elects 3 Alumni-Trustees Adds Louis Ingram Sr. To Board

On May 29, at their annual spring meeting, the Trustees of Rollins College reelected H. George Carrison '33; replaced the other 2 Alumni-Trustee vacancies with Mrs. Osburn C. Wilson (Rebecca Coleman '34) and Howard W. Showalter Jr. '36; and elected Mr. Louis W. Ingram Sr. to the Board.

George Carrison was renominated by a landslide, in the mail balloting of all voting members of the Rollins Alumni Association earlier in May, to represent them on the Board of Trustees of the College for another 3-year term. Since his first election in 1948, Carrison has served as chairman of the Trustees Nominating Committee, Financial Committee and, more recently, the all-important Hearing Committee for the Board.

Rebecca Coleman Wilson will fulfill the unexpired term of Webber B. Haines, resigned, ending in 1952. She has been elected a representative from District I on the national Rollins Alumni Council for the past 2 years and was reelected to the Executive Committee of this group last February.

Howard Showalter, elected national president of the Rollins Alumni Association in 1950 and again in 1951, will serve the unfulfilled 1951-53 term of Raymond W. Greene, also resigned.

All 3 Trustees, now representing the Alumni on the Board, are graduates of Rollins College.

Lee and Howard W. Showalter Jr., who is president of the Rollins Alumni Association and was recently elected to the Board of Trustees of the College, with their baby daughter, Edith Sands, and son, Bobby

Mr. Louis W. Ingram Sr., third new Trustee of Rollins College, is a graduate of Dartmouth College. After earning the M.A. degree at Columbia University, he returned to Dartmouth to teach from 1929 to 1932. He has also taught at Wooster College, where he was head of the code department and instructor for the Navy unit during World War II. In 1947 he resigned from the Wooster Faculty to write. He became chairman of the board of directors of Ingram, Richardson Manufacturing Company of Pennsylvania, in 1950, and vice president of Ing-Rich Metal Products Company of Ohio. Mr. Ingram and his family moved to Winter Park last fall. His son, Louis Jr., is attending Rollins College as a member of the Class of 1954.

from the eastern and midwestern States. Beginning in New York City the following day, they made 2-day stops in Pittsburgh, Cleveland, Detroit, Chicago, Cincinnati and Boston.

In late July, Director of Athletics Jack McDowall toured the principal cities in Florida interviewing candidates interested in sports at Rollins.

Every Trustee, member of the Faculty, Student and Alumnus can expedite the success of the current enrollment campaign by making prompt use of the convenient card inserted in this issue of THE ROLLINS ALUMNI RECORD.

Since approximately 49% of the new Students accepted at Rollins last fall were first interested in the College through the influence of a member of the Faculty, an Alumnus or another Student, there is good reason to expect sound results from their organized cooperation in 1951.

Golf: lost by graduation, Dave Shelley; returning, State Collegiate Champion Bill Key, Larry Bentley, Ernie Eickelberg, Karl Nessler and Al Peterson.

Crew: lost by graduation, Don Brinegar, Max Grulke, Bill Gordon, Ed Motch, Scotty Witherell and Coxswain Frank Stockton; returning Stroke John Thibideau, Don Jones, John Vereen, George Johnson and most of the Jayvees.

"We're always on the lookout for new material," McDowall says. "Any promising young athlete who wants to come to Rollins will get plenty of consideration."

PROFESSOR LAMB SUCCUMBS

Professor Antonia Gonzalez Lamb, who had taught Spanish to Rollins student for more than twenty years, died on July 14, 1951, after an illness of several weeks.

Last year she was elected president of the Florida Chapter of the American Association of Teachers of Spanish and Portuguese. And, in 1945, Rollins College awarded her the Decoration of Honor.

For Spanish, important as it was to Mrs. Lamb and as she made it to her students, was only a portion of all she imparted to class after class at Rollins over the past two decades. The measure of her influence was in the number of Alumni who sought her out year after year on their return visits to campus; and in the correspondence which she carried on with numbers of those who had studied with her and valued her advice.

It was her native tongue which Mrs. Lamb taught. Born in Tamaulipas, Mexico, she grew up in a proud Spanish family. She married Joseph Lamb, a Quaker missionary from Indiana. Her husband later went into business in Brownsville, Texas, where their two daughters, Helen and Alice, were born.

Widowed, in her early thirties, Mrs. Lamb moved to Indiana and completed her college education while her daughters were attending school. She earned the B.A. and M.A. degree at the University of Indiana, where she taught for a short while before joining the Rollins Faculty in 1930. Her daughter Helen, Mrs. Richard P. Greenleaf, received the M.A. degree from Rollins in 1935; and Alice, Mrs. Charles R. Hair, received the B.A. degree at Rollins in 1943. She also leaves two grandsons, Charles and David Hair, and a granddaughter, Katherine Anne Greenleaf.

Her words, her wisdom and her great good will, like the eloquent language Mrs. Lamb taught, will live always in this place of learning.

In Memoriam

Mrs. David P. Schnuck, the former Marguerite Lobeau, died at her home in Orlando, Florida, on May 17, 1951. She enrolled at Rollins College in 1927 and received her B.A. degree with the Class of 1931. Marguerite was an active member of the First Methodist Church of Orlando as well as the local Panhellenic group, having served as a past president of the Orlando-Winter Park alumnae chapter of the Pi Beta Phi Sorority. Her regular and friendly presence will also be missed at future Rollins reunions. Besides her husband, who is also a member of the Class of 1931, she is survived by their 14-year-old daughter, Nancy, two brothers and a sister.

Allen Lee Holden, pioneer resident of Orlando, Florida, and a charter Rollins student, passed away at a local hospital on May 21, 1951. He was born in Sweden, Maine, on September 9, 1870, but moved to Orlando in 1881. Al, as he was better known, was a member of the original student body when Rollins College opened in 1885. After thirteen years as an assistant engineer for the Water Company, first Orlando utility plant, he resigned and accepted a position with the Cain, O'Berry Boiler Company, where he was employed for twenty years. Prior to his retirement five years ago, he was boiler operator at the Orlando Air Force Base. He was a member of the Presbyterian Church and is survived by his wife, and two nephews in Boston.

The versatile American author, educator and musician, John Erskine, died at the age of 71 on June 2, 1951, at his Park Avenue residence in New York City. Rollins College conferred the honorary degree of Doctor of Music upon him in 1931. Mr. Erskine was then president of the Juilliard School of Music, an office he held for ten years but resigned from in 1937 to devote all of his time to writing. He had previously taught English at Amherst College and Columbia University, where he had earned the B.A., M.A. and Ph.D degrees. The United States awarded him the Distinguished Service Medal for his educational work overseas during World War I, he was twice decorated by the French Legion of Honor and a long list of American institutions, including his own alma mater, and the University of Bordeaux in France have conferred honorary degrees upon him. A Phi Beta Kappa, member of innumerable learned societies, and a director of the Metropolitan Opera Association, he was elected president of the Poetry Society of America in 1922. Although a pianist of concert rank, John Erskine was most prolific as an author and editor of prose and poetry. With the immediate success in 1925 of his first novel, "The Private Life of Helen of Troy," his classic satires on the lives of legendary and historic personalities were in demand by his book publishers, the magazines and made into motion pictures. The last of his over fifty scholarly and witty literary works was released in 1949.

Sergei Alexanderovitch Koussevitsky, internationally famous symphony orchestra conductor, succumbed on June 4, 1951. Stricken with a virus infection the previous winter in Phoenix, Arizona, he had been in ill health since forcing the cancellation of his planned tour of Europe as guest conductor. Koussevitsky appeared in the 1949 edition of the Animated Magazine and became an honorary Alumnus on the following day when Rollins College conferred the Doctor of Humanities degree upon him. He retired that summer as conductor emeritus of the Boston Symphony, of which he had been the guiding genius since 1924. He was the initiator and director

of the Berkshire Music Center in Tanglewood, Massachusetts; and, in 1942, established the Koussevitsky Music Foundation in memory of his wife to assist composers and to further musical culture. Noted for espousing the music of contemporary American composers, he held honorary degrees from many American colleges and universities, and honorary membership in the American Academy of Arts and Sciences. Koussevitsky was born in 1874 in Russia, where he graduated from and taught at the Conservatory of Moscow, was double bass soloist with the Imperial Theatre Orchestra, and was twice decorated by the Czar in 1903. He toured Russia for eight years with his own symphony orchestra and has conducted extensively throughout Europe. The French Legion of Honor decorated him in 1924, 1930 and again in 1936.

William Lee Schultz of Jacksonville, Florida, died on June 12, 1951. He attended the former Rollins Preparatory School and Academy from 1897 to 1902 and continued his education at the East Florida Seminary, now the University of Florida at Gainesville. Former vice president and general manager of the S. B. Hubbard Company, with which he had been connected since 1906, Mr. Schultz retired in 1938. He was a member of the Masonic Order and the Congregational Church. His wife and a brother, Arthur Schultz '01A, survive him. He also leaves four nephews, including William S. Schultz '38, Wallace Lee Schultz '43 and Stanley A. Schultz '49.

Marj left this week on a trip which will take her to New Foundland, the Azores, French Morocco, and finally the British Isles." Good going, Marj!

Your moral support, **Mazzie Wilson**, is greatly appreciated! Thanks for answering our letter, and we're glad you are busy but not too busy to write.

We are thankful for family reunions, for one brought **Verna Maxson Ballentine** (Mrs. Matt) back to Florida this summer. Was dreadfully sorry not to see her myself, but Aurora was impressed by her "bounce and sparkle." So Verna has not changed since her days on the campus.

Helen Massey McIntosh (Mrs. James) has 2 children in college now, 1 at Alabama and the other in Sewanee (wish they could have come

to Rollins)! We appreciate you taking time to write, Helen.

Florida is still good for bronchitis, **Dot Minter**, and we wish that you could come to soak up some of the sunshine and bake out that miserable throat trouble. Your kindergarten sounds like a wonderful project.

Evie Long, Jean Twachtman Banzhof (Mrs. Parker) and your secretary drove up to Woodstock for Dr. Holt's funeral. At one of the loveliest services I have ever attended Prexy's memory was honored and it was wonderful for all of us to know that services were also being held at Rollins.

Woodstock is a tiny town and the typical New England church was filled to overflowing with his many friends and the hundreds of flowers made a beautiful bank of color in the front of the church. I only wish you all could have seen the gorgeous New England farming land that surrounds this little church and cemetery and the perfectly heavenly view from Prexy's pre-revolutionary rambling house with the red barns, old stone hedges and luxuriant lawns. The 200 acres he has there will always be a lasting memorial to him and its utter peace something indescribable.

I was keenly conscious of our loss at the church and at the simple service in the cemetery, but it was not until I had wandered around the house, seen the old red barns, and taken a walk out to his favorite vantage point, a grassy terrace overlooking the magnificent Connecticut farming land, that I truly began to miss him. There was something about the clearness of the air, the blueness of the sky, the green fields, and the enveloping quiet that made us stop and take stock.

Though Prexy may be honored in many different parts of the country and though numerous memorials may be erected in his memory, this lovely New England home of his will long stand in my mind as the most fitting memorial of all. I only wish all of you could have been with us that day to experience the feeling that Prexy was truly at home.
