The ROLLINS ALUMNI RECORD

1948 Homecoming Queen Pat German, escorted by Student President Art Swacker, just after receiving her coronet and bouquet from President Holt at the Rollins-Stetson Game.

ROLLINS SECURES JOHN M. TIEDTKE AS TREASURER

President Hamilton Holt announced September 29, 1948, the appointment of John M. Tiedtke of Orlando and Toledo, Ohio, as acting treasurer of Rollins College, effective December 15. He succeeds Dr. Ervin T. Brown, who has resigned as of that date.

Tiedtke is in charge of College investments, supervises the budget, contacts banks, makes all possible economies in the affairs of the College and supervises the financial affairs of Rollins in general.

A well-known business man in the north and Florida, Tiedtke has also taught economics at Rollins during the spring term of recent years.

In announcing the appointment President Holt declared: "Rollins was never in better shape in the long run, both academically and financially; but chiefly because of inflation and its accompanying increases in prices, the College, like most other educational institutions, is faced with a short-range financial problem. I am confident that Mr. Tiedtke is the best available man to help lead us through this period."

Tiedtke was graduated from Dartmouth College in 1930 with a bachelor of arts degree and continued his studies at the Tuck School of Business and Finance from which he received his master degree.

He was associated for two years as a public accountant with the accounting firm of Wideman and Madden in Toledo, Ohio. Following this basic training he was engaged in the management of large investments, which he continued to the present.

In 1938 Tiedtke became interested in the sugar business and purchased and cleared a large tract of land in the Everglades. He added iceberg lettuce to the project in 1940. Since then he has built the business to its present size of 2,000 acres under cultivation with an annual volume of business of \$500,000.

In addition to being familiar with practical business as well as academic affairs, Tiedtke has gained a thorough knowledge of college finances. He is a trustee of the College of Wooster, Ohio, and for eight years has been a member of its finance committee.

He is a state director of the Florida Farm Bureau and chairman of its sugar committee. He helped organize a rural electrification cooperative in Glades County and served as its president for two years.

He is also director of the Winter Park Land Co. and vice-president of the Westgate Co., which has large interests in Central Florida.

STUDENTS STAGE GALA HOMECOMING EVENTS

A 50-foot Freshman bonfire, campus-wide hospitality, championship water skiing and tennis exhibitions, a 16-float Student Parade, an All College Dance in honor of returning Alumni and a 22-0 Tar victory over our traditional football rivals, the Stetson Hatters, highlighted the 1948 celebration of Homecoming at Rollins this fall.

Homecoming Chairman Jack Howden '34, Student Chairman Hugh Davis '50 and Alumni Secretary Aurora McKay collaborated in reviving several prewar customs and initiating some colorful new features for this year's observance on November 25-26-27. Buck Johnson '40, Frank Williamson '48, Mrs. Jack Howden (Sarah Harbottle '35), who headed the Alumni welcoming committee, Tennis Coaches Jim McDougall and Eddie Copeland '49, Water Skiing Instructor Dick Every '49, Student Parade Marshall Fred Hartley, Dance Chairman Parker Simpson, Rollins Bandmaster Ed Rosevear and Carolyn Alfred, who organized the Homecoming Queen elections, all earned special credit for their contributions to the success of this Homecoming Week-End at Rollins.

Out-of-town as well as local Alumni were prominent in the crowd of Tar backers who turned out for the Football Rally on the night before the Homecoming Game. Rollins songs and yells, sparked by the Student Cheerleaders and Band, resounded around the towering Freshman bonfire.

November 26 was Homecoming Day and Alumni started registering early at the Alumni House. Mrs. Wm. N. Ellis (Dot Estes '32), Mrs. Glen W. Spears (Harriet Rose '39), Mrs. Walter B. Johnston (Edna Wallace '25), Mrs. John H. Divine 3rd (Frances Daniel '39) and Mrs. Wm. M. Copley Jr. (Doty Rathbun '41) assisted with the hospitalities throughout the day.

Scores of spectators lined the campus waterfront at 2:00 P.M. for a Student demonstration of this latest collegiate sport. Intercollegiate Champion Dick Every amazed onlookers by again succeeding in throwing off both skis and continuing to skim over the surface of Lake Virginia at 45 m.p.h. despite somewhat rough water that afternoon. Only 3 Water Skiing experts in the world are known to be able to perform this feat.

At 5:00 P.M. Rollins Alumni from Washington, D. C., Ashland, O., Birmingham, Ala., Winter Park, Altamonte Springs, Orlando, Jacksonville, Tampa and Ft. Myers met at the Hotel Dwellere in Orlando for a pregame Alumni Dinner. President Holt, the Deans of the College and a number of the Rollins Faculty enjoyed the informality of an outdoor buffet service with the nearly 80 former students there. Jim Haig '38, manager of the Dwellere, had lights and blue and gold streamers effectively strung in the branches of the giant oaks for the occasion. This congenial reunion of Rollinsites ended promptly by all guests joining the Student Motorcade to the Orlando Stadium for the 8:00 P.M. kickoff.

The Rollins-Stetson Homecoming Game was hard-fought all the way. And Rollins Students produced a half-time show second to none. Every Student organization on campus was represented in the humorous and beautiful floats that circled the football field in a Tar Booster sponsored contest. The judges finally awarded the \$50 prize to Pi Beta Phi and the \$25 prize to Kappa Alpha. Next the Rollins Band, lacking uniforms as yet, clowned a march across the gridiron in a rare collection of costumes

ALUMNI FROM EAST TO MIDWEST RALLY IN OHIO TO SUPPORT TARS ON NOV. 6

The happy renewal of gridiron relations between Rollins College and Ohio Wesleyan University on November 6 in Delaware, Ohio, provided a popular occasion for Alumni to get together and their first opportunity to see our Tars in action in that area since before World War II.

Ohio Wesleyan not only made November 6 their own Homecoming Day but spared no effort to reciprocate courtesies shown them in Winter Park in past engagements. Dr. Hamilton Holt and Dean Arthur D. Enyart were honored guests of the University and their new president, Dr. Arthur S. Flemming. And a bevy of OWU coeds met the train when our team pulled in early that morning to distribute gift apples to the players.

Some 70 Tar fans met at noon in Delaware to lunch together before the 2:15 P.M. kickoff that afternoon. President Holt and Dean Enyart flew up for the day's celebrations and informally welcomed everyone at the pregame Rollins Luncheon. Even Coach Jack McDowall managed time for a word with the turnout of Tar backers gathered there.

George Waddell '38 was chairman of this successful Rollins reunion. And Bill Daugherty '40, of the Ohio Wesleyan coaching staff, deserves a real vote of thanks for his handling of the luncheon reservations as well as advance requests for football tickets in the Rollins section.

An excellent quartet of Ohio Wesleyan Students graciously added to the enjoyment of the Rollins Luncheon with several spirited numbers. And Rollins Alumni from Wisconsin, Illinois, Michigan, New York, Pennsylvania, Kentucky and all parts of Ohio were introduced before adjourning to nearby Selby Stadium.

Two more bus loads of Rollinsites arrived with Bill and Judy (Estes) Miller '33 and Jack '42 and June (Reinhold '41) Myers just before game time. They had gathered a congenial crowd of their Rollins collegemates from Pittsburgh to Chicago in Ashland, Ohio. Jack procured a bloc of 50 tickets in advance and chartered the buses to bring them to the Ohio Wesleyan-Rollins game and return them to the Ashland Country Club afterwards for a buffet supper.

Ohio Wesleyan's Battling Bishops fought off a late Tar rally to win a closely contested 14-7 victory before a Homecoming crowd of 8,000 in a chilling afternoon rain. The Rollins section, about 15 rows of 12 each, of Selby Stadium was filled. Dr. Hamilton Holt was the guest of Dr. Arthur S. Flemming in the presidential box. And Dr. Croom Beatty, formerly of the Rollins Faculty, flew in from Perdue and walked from the airport to sit on the bench with our team.

Bill and Barbara (Brock '41) Daugherty held open house in Delaware following the game for Rollins Alumni. Coach McDowall joined the throng there shortly before departing for Florida again with our team. Dr. Holt and Dean Enyart were the dinner guests of President Flemming that evening, but stopped by enroute to greet the hosts and their guests. Glowing reports of the Daugherty's hospitality are still reaching the campus telling of the ham, turkey, cheeses, breads and other good things which hit the spot after sitting out in the light rain all afternoon.

ROLLINS COLLEGE TO SEEK LIVING ENDOWMENT

by DONALD A. CHENEY '07

Private colleges like Rollins need money—and always will need money, for growth, for improvement and for operations. As everybody knows, student fees do not pay the actual costs of educational services (especially at present prices) to say nothing of maintenance of buildings and facilities. This extra money can come only through gifts.

As Rollins is to remain a small college of liberal arts, the ultimate physical needs can be calculated and planned. When the new library is built, minimum basic facilities will be available. Additional new buildings envisioned to complete the plant are no longer an "emergency" around which to set up a drive for funds. They will come as the needs of the College attract the interest of its friends.

Since President Holt came to Rollins in 1925, over \$5,000,000 has been given to the College to meet operating deficits and develop the plant. Most of this has been raised in recurring campaigns keyed to current problems and special projects. In twenty-five years Rollins has attained an outstanding place in the educational world.

Obviously, it has not been possible during a period of much extra-ordinary growth and development to also accumulate an endowment fund. Rollins, therefore, is in critical need of at least \$5,000,000 of additional endowment to offset rising costs of operation, to assist worthy students of limited means, to insure its distinctive program of instruction and to guarantee its educational integrity and financial stability.

In the natural course of events, barring miracles, it will certainly be some years before such an endowment can be obtained through bequests, annuities and other large gifts. Meanwhile Rollins must raise the equivalent income of \$150,000 per year. This is the financial problem; and not just for this year. The situation calls for an assured flow of annual gifts to enable the College to continue its educational program and to conduct its fiscal affairs with confidence.

Under the new policy adopted by the Trustees the periodic "drive" will be abandoned and, instead, a "living endowment" will be sought through planned annual gifts. A donor giving only \$30 per year will actually be contributing as much as the annual yield of \$1,000 of endowment. A small gift from income thus serves on a par with larger sums invested in capital funds.

Prospective donors to this "living endowment" will be friends of Rollins in all parts of the country, a loyal body of supporters in Winter Park and Central Florida. A special CLUB OF ONE HUNDRED will include those who subscribe \$1,000 or more; for it is hoped to build up a "back-log" of one hundred gifts of that amount. Rollins alumni will not be solicited by the College as the ALUMNI FUND is the official and appropriate channel through which loyal sons and daughters of Rollins may contribute in their own way.

"GIVE US THE TOOLS"

Do you enjoy receiving THE ROLLINS ALUMNI RECORD, the monthly NEWS-LETTER and notices of Alumni activities? Frankly, continuance of these Alumni office services depends on *how many* wholeheartedly support the 1949 Alumni Fund.

The cost of printing and paper has soared beyond our drastically reduced budget. The postage under our NEWSLETTER mailing privilege is doubled as of January 1, 1949. Yet an average of \$5 from *all* 3,800 Rollins Alumni on our mailing list will not only pay for our publications and mailings but relieve the College of our entire departmental cost.

Decide how much *you* can contribute and mail your check to the 1949 Rollins Alumni Fund now. Extra appeals increase our expenses. The United States Government helps us back our College by making contributions deductible from either personal or corporate income taxes.

ANNUAL ALUMNI ELECTIONS TO BE HELD IN JANUARY

Every Alumnus who completed at least one academic year at Rollins College toward a degree will be mailed a ballot in the coming annual elections with write-in spaces for any other candidates of their choice. The whole slate of Council nominations is published in this issue of THE ROLLINS ALUMNI RECORD for your information before you are called on to cast your vote this month.

Since 1917 the Rollins Alumni Association has had the privilege of nominating one Alumnus annually to the College Board of Trustees for a 3-year term. Subject to election by the Trustees for a 3-year term, the selection of our nominee for this honor and responsibility deserves the careful consideration of our candidate.

Although a write-in space will be carried on every ballot, a poll of the members of the Executive Committee of the Council of our Alumni Association commends the nomination of Webber B. Haines '27 to the Board of Trustees of Rollins College in 1949. He served as an officer with the U. S. Naval Reserve 1942-45, then returned to his law practice in Winter Park and resumed office as Municipal Judge, an office he has held for 8 years. Judge Haines attended the former Rollins Academy 1920-22 and completed a full academic year at Rollins toward his degree in 1923-24. Continuing the study of law at Brown University, he received his Ph.B degree there in 1927. In 1928 he entered the University of Florida at Gainesville where he received th LL.B. degree in 1931. An outstanding athlete in his undergraduate days, Judge Haines was Lacrosse Captain at Brown and Football Captain at both Brown and Gainesville. He also held the New England Intercollegiate Wrestling Championship. A member of the Florida Bar Association for the past 17 years, he has practiced law in Central Florida continuously with the exception of his 3 years of military service in World War II. Always actively loyal to Rollins College, Judge Haines has served on the Executive Committee of the first two nationally representative Alumni Councils and headed the committee that wrote the present constitution of our Alumni Association. Last winter he taught business law at Rollins College.

In accordance with the constitution of the Rollins Alumni Association: "The Executive Secretary shall conduct by mail a ballot for the nomination of Alumni Trustees of Rollins College to serve not more than two (2) consecutive terms."

The national Council of our Rollins Alumni Association proposes a multiple choice in nominees to represent their own regions in 1949, subject to final selection by Alumni within their respective Districts.

Representation on our national Council is based on Alumni population within each District. On this basis, each voting member of the Rollins Alumni Association has the privilege of casting their ballot for 2 Council members from within their District. Those residing in District I, which includes the site of our College and home office for Rollins Alumni abroad, are the only exceptions. Due to their greater number, they are entitled to vote for 7 representatives on the Council of our Alumni Association.

Around the Horseshoe

by SAM BURCHERS '49

Rollins came out striking at the big time clubs this fall, dumping Erskine in the opener 7-0. Next week it was Miami at the Orange Bowl. But the 'Canes lowered the boom on us to the tune of 25-0. The following week the Tars slightly stunned the Florida Gators in Gainesville by leading the bigger club 12-7 at the end of the first quarter. Enthusiasm was a bit premature as Florida's mass of reserves wore the blue and gold down and trounced us 42-12. Injuries and fumbleidus hampered us for the next few weeks and we were beaten by Presbyterian, Ohio Wesleyan and Delaware in that order. Struggling to overcome the biggest losing streak that a Jack McDowall club has ever faced, we finally got rolling and downed Tampa 35-6 and Stetson 22-0. Cal Peacock, the "Pahokee Flash" and Harry Hancock, the "Clearwater Bald Man," are being considered for Little All American honors but as yet the final tabulations haven't come through.

Seven Stetsonites were scalped a couple of nights prior to the Stetson game. The Hatters paid us an untimely visit. We were armed to the teeth and had a trusty Tar behind every sizeable tree when they invaded the campus. We shaved their heads, stripped them down to their shorts and put them out on the highway. A local Rollins Alumnus picked them up, listened to their tale of woe, and then informed the shorn Hatters that they were heading in the wrong direction. Said Alumnus then carried them back the 5 miles they had already walked toward Deland and let them out, pointing their destination in the opposite direction from where they wanted to go.

Fleet Peebles has some new babies down at the lakefront in the form of 4 mighty shiny mahogany canoes which were donated by the '48 grads. Scratch one of them against the dock and you've got Fleet to fight.

John Tiedtke, better known around Economics class as "Tycoon" Tiedtke, is our new College Treasurer, relieving E. T. Brown, who has resigned as of Decmber 15.

Dick Every '49, intercollegiate champion from Daytona Beach, has been teaching water skiing this term. The newest College sport is so popular at Rollins, that Dick has as many students as he can take care of and it's getting so a body is cautious of swimming in Lake Virginia for fear of getting a flying ski wrapped around the noggin.

The Center is operating on a deficit, as usual, so the Student Council put their heads together in search of extra revenue and now we have 2 bright new pin ball machines going "rat-a-tat-tat" throughout the day.

Witherspoon II, Tar mascot, with Frosh guardians Dick Preu and Ralph Pernice.

I don't know just what association there is between a billy goat and a Tar, but that's what our new mascot is. Jack McDowall said: "We need a mascot. Send somebody out and bring back a goat." Dubbed Witherspoon II, he's the most forlorn, dejected, skinny-looking critter you've ever seen. At any rate he plays his part well and we're awfully fond of him, even if he did eat Prof. Riley Jones' hat at the Delaware game.

Playing a highly favorite Richmond eleven in their final gridiron engagement this season, the Tars gave a brilliant demonstration of determination and teamplay in a wide open offensive game on December 3. Result: most exciting game and evenly matched play seen here in many a year. Rollins tied the score, 27-27, in a last play touchdown! Both teams played savagely throughout all four quarters. Rollins led 21-20, when Richmond blasted the ball across for a tally just 2 minutes before the final whistle. In the remaining seconds Rollins pulled a screen pass on the first play from scrimmage. And L. D. Bochette, Tar scatback, raced 80-odd yards to tie the score. With the game already over on the touchdown run, the 27-27 score was deadlocked when our try for the extra point was wide.

ALL-STUDENT CASTS OPEN ROLLINS THEATRE SEASON

The theatrical season at Rollins opened on November 9, with Professor Donald S. Allen's production of "The Butter and Egg Man" at the Fred Stone Experimental Theatre. The all-student cast of 13 in this George F. Kaufman play played nightly to a full house and gave an extra performance in response to the large number of theatre-goers who were unavoidably turned away during the first three nights of the production.

The Rollins Players presented "Stage Door" the first week in December as their opening production of the season at the Annie Russell Theatre. Starring a cast of 31 students, directed by Professor Howard Bailey, the play was written by George F. Kaufman and Edna Ferber and is the story of the typical struggle of actresses to gain success on Broadway. Virginia (Ginny) Estes '50 proved herself a real trouper by taking the leading role of Terry Randall when Susan Douglas, New York actress, had to cancel her appearance due to movie commitments.

"An Inspector Calls", second production at the Fred Stone Theatre, played December 7-10. This J. F. Priestley mystery play, chosen as one of the ten best plays on Broadway last season, starred a Rollins student cast of 7 under the direction of Professor Donald S. Allen.

PROFESSOR ORTMAYER, ART STUDENTS WIN HONORS

First prize for a work in any category, a first in sculpture and a first in landscape painting in the exhibition of the Florida Federation of Art, held at the Exposition Building in Orlando, Fla., December 2, 3 and 4, went to members of the Rollins College Art Department. Professor Constance Ortmayer was awarded the hundred dollar prize for the best work of art in any medium, in this instance a very moving and dignified piece of sculpture entitled "Grant Us, Oh Lord, A Lasting Peace." Her pupil, June Nelson, of Winter Park, received first prize in sculpture for her sturdy and sympathetic statue of a woman of Taos, and Daniel B. Hudgens, a local resident and third year painting student under Professor Greason, was named first in landscape painting for his sensitive study of Lake Maitland from the Kraft Azalea Gardens. The latter prizes consisted of \$25.00 Government Savings Bonds.

Miss Ortmayer, who has been teaching at Rollins for more than a decade has had a distinguished career and this is but the most recent of many important awards and commissions she has received. She studied in New York and also the Royal Academy of Fine Arts in Vienna where she remained five years, the last two at the Master School of the Royal Academy. She designed and executed the Stephen Foster Half Dollar, the Cincinnati Memorial Coin, and bas-reliefs in both the U. S. Post Office in Arcadia, Fla., and in the U. S. Post Office at Scottsboro, Ala. Her work has been exhibited nationally and is represented in the permanent collection of Brookgreen Gardens, S. C. Before coming to Rollins she was technical adviser for Sculpture in the Section of Fine Arts, Washington, D. C.

The other two prize winners, both art majors in their third year at Rollins, had works exhibited last year at the Center Street Gallery in Winter Park and this further public recognition of their abilities augers well for their future development.

ROLLINS GRADUATE PUBLISHES UNUSUAL BOOKLET

The Bucks County Scrapbook of Old Roads and Towns by CHARLOTTE STRYKER PERVEY '38. (Illustrated and published by the Author.)

This is the first volume of a series of Bucks County (Pa.) Scrapbooks, which will deal with the history, art and everyday life of the County from the 1600s to the 1800s. It was written as an answer to the many requests by tourists to Bucks County for just such an account of the region.

Combining fact and legend in a pleasantly informal style, the Scrapbook makes interesting reading. The use of Route numbers in connection with specific points of interest make this booklet especially valuable to the tourist. The striking illustrations include a helpful and interesting map.

It is to be hoped that Mrs. Pervy will continue with the Series of Scrapbooks.

borrowed from the Annie Russell Theatre to the hilarious surprise of the estimated 6,500 football fans present. President Holt then came forward to the mid-field stripe for the proclamation of the 1948 Homecoming Queen, whose identity was kept secret until this time. He placed the coronet upon Pat German's head and Sally McDowall, Jean Bacchus, Helen Demetrelis, Billie Moore, Pat Warren and Joyce Yeomans, all members of the Student-elected campus Court of Beauty, were presented with large arm bouquets of fall flowers.

After the final whistle, there were several Alumni-Student impromptu parties to celebrate the 22-0 Rollins victory.

At 2:00 P.M. next day there were Championship Tennis Exhibition Matches on the College courts and all dormitories on campus held Open House for visiting Alumni afterwards.

Many Alumni enjoyed the Homecoming Dance that night at the Dubsdread Country Club and were further impressed with the Student talent floor show.

Alumni once again attended the Sunday morning service in Knowles Memorial Chapel. And the 1948 Homecoming Week-End closed with the opening of an outstanding show of "200 Years of American Landscape" at the Morse Gallery of Art that afternoon.

In Memoriam

Rollins conferred the honorary degree of Doctor of Science on him in February of 1942. Dr. Anderson is survived by his wife and a daughter, Shirley.

CLASS NOTES

Gay Nineties

Secretary: Rev. Henry B. Mowbray, 442 Chase Ave., Winter Park, Fla.

Mrs. B. M. Robinson (Marian Curtis) flew home to Orlando from Detroit in 10 hours on October 4. She says the trip was "comfortable and incredible!" Leaving Florida last June 8 she motored north with friends. They stopped at Monticello, had 3 interesting days at Williamsburg, Va., and then took the skyline Shenandoah Valley National Park drive through the Blue Ridge Mountains. Arriving in Detroit on June 18 they spent 2 weeks with friends, who joined them in driving to Walloon Lake for the 4th of July. Mrs. Robinson spent a cool summer at this delightful place and enthusiastically subscribes to its reputation of being the most beautiful of all the lakes in Michigan. She says: "Part of Walloon Lake's 50-mile shoreline is very high and it is surrounded by woods. I loved the hills, views and winding roads through the deep woods, our drives and picnics. From my room I could see the lake, every fire of its changing colors and many depths." Mrs. Robinson saw many Orlando friends there and, on her return trip, visited in Detroit again for several weeks before enplaning for Florida.

Mrs. Edna Giles Fuller, president of the Woman's Community Council of Orlando, called a conference of representatives of the 72 women's organizations in the community on September 23. "The varying demands for facilities that shall meet the health and welfare requirements of our modern concept of public responsibility," she said, "make it imperative that women should be not only informed but intelligently active in helping to formulate plans and program that shall best serve the needs of everybody in the community." Addressing the Exchange Club later that day, Mrs. Fuller urged members to discuss proposed municipal improvements with their wives.

Miss Stella Waterhouse is a member of the board of the Maitland Public Library.

Gov. Tully is attending the American Inst. for Foreign Trade in Phoenix, Ariz. He sends: "Salutations from the wild west. Where distance between towns is not measured by miles but by the hours it takes to drive there by car. Where the nearest ocean is over 400 miles away, where they haven't had a good old fashioned rain storm in 7 years, and where it can get plenty cold in the mountains. If I can find an excuse to get back to Winter Park, I won't be leaving again . . . can Dean Enyart use an assistant?"

If Gov. should get back to Winter Park, he would find many of the '48 clan already in that vicinity. We of the far away places send our slightly envious congratulations to those who are lucky enough to be close to Rollins.

Charmian Scates has moved to Arlington, Va. After completing her freshman year at Rollins, she enrolled in Duke Univ. and graduated from there last June with a major in Sociology. She writes, "Spent many delightful hours reliving Rollins' days last winter by talking to Jim Robinson '47, Bambi Cranmore '47 and Janet Haas '47, all of whom were doing grad psych work at Duke."

The Rollins-Ohio Wesleyan game, November 6, might well be named as the scene of a partial class reunion. The people who were present from the class of '48 numbered almost fifty. It was a wonderful chance to get together with friends, but opportunities like that are few and far between. Many have to depend on THE RECORD for news and information about their class. If all of you would answer your cards with even just a line or two about what you are doing, it would help to answer all the questions that are in the minds of your classmates.

Homecoming was also the scene of another partial class reunion. Boris Arnov, Jeanne Volkert, Betty Roebuck, Ralph Chisholm, Bob and Carol Kirkpatrick Ferguson, Jack McCall, Bud Dawson, Gordon Evans, Tom Royal, Frank Williamson and Jim Ernster were the lucky ones!

Stop the press! We just received word that Jimmie Seymour has won an Artist Excellence Prize of \$250 as 1 of 5 outstanding winners of Young Artist Diplomas awarded by the National Guild of Piano Teachers. Guild auditions were held in more than 250 cities throughout the country, with over 25,000 participants in all grades. Congratulations, Jimmie, and the best of luck to you.
