The ROLLINS ▼ ALUMNI RECORD

FOR CAMPUS LEADERSHIP

Margaret Estes and Sheldon Marks recognized for campus leadership with the Libra cup and OOOO trophy.

Mills Memorial Library Is Ours

We received word at Commencement that Rollins had reached the original \$575,000 Victory Expansion Program goal before June 4. This means that the condition imposed by the Davella Mills Foundation last November with their gift of \$500,000 for a library has been met.

June 3rd was one of the real red letter days in Rollins history. By succeeding in our V-E effort and securing the library fund, over one million dollars was raised in less than two years.

With this latest achievement Dr. Hamilton Holt realizes another cherished ambition for Rollins. When he came to the presidency of our College, twenty-two years ago, five million dollars was the amount he set for himself to raise. On Commencement night we learned that he had passed that mark.

Five million dollars sounds like a lot of money. But what has it meant to the progress of Rollins?

Specifically, it has meant 21 new buildings, whose Mediterranean architecture makes our campus one of the most beautiful in the country.

Now it will mean: Corrin Hall, a modern dormitory for Independent Women ready for occupancy by next Fall; Orlando Hall, a much needed classroom building; an Algernon Sydney Sullivan building; and the splendid Mills Memorial Library.

And it will continue to mean high academic standards, better faculty, high student morale and many other things that cannot be counted in mere money.

No one will ever know how hard Prexy and his assistants worked during the late stages of the drive. He personally wrote hundreds of letters, sent innumerable telegrams and made countless long distance telephone calls in his appeal for funds.

This tremendous effort drained his physical strength and undoubtedly contributed to his illness. Our disappointment was as great as his, that he could not be present to announce that Mills Memorial Library was ours.

FEDERAL COURT DECISION FAVORS ROLLINS FOR ART MUSEUM

Word was received on the 18th of June that a U. S. District Court in Washington, D. C., has ruled in favor of Rollins College in the \$1,250,000 William Hayes Ackland estate for an art museum. Of the total sum, \$500,000 is to be used to build the museum and the remainder will be set aside as endowment. Homer S. Cummings, former U. S. attorney general and an old friend of Dr. Hamilton Holt, plead the case for Rollins. Dr. Holt has been advised that the University of North Carolina will appeal the case.

VOL. XXV, No. II

JUNE, 1947

The Rollins Alumni Record, June, 1947. Published Quarterly by Rollins College in March, June, September and December. Office of publication: Alumni House, Winter Park, Florida. Entered as second-class matter June 28, 1938, at the post office at Winter Park, Florida, under the Act of August 24, 1912.

Prominent Orlandoans join Dr. Holt in impressive ground breaking ceremony for Orlando Hall, between the Student Center patio and Knowles Hall.

ROLLINS REJOICES PREXY RECOVERS

Dr. Hamilton Holt had an emergency appendectomy on May 29th and for a week hovered between life and death. He is now making slow but steady progress toward recovery.

President Holt has been especially heartened by the evidence of affection shown him by the students and alumni of Rollins College in letters, wires, cards and flowers, which have been showered upon him. He is still not allowed to have visitors or write letters, but later this summer hopes to be able to thank everyone. On June 22nd he left the Orange County Hospital for Woodstock, Conn., his summer home.

The most conducive factor to his serious illness was overwork in completing the Victory Expansion Drive by June 4th, which was the condition made by the Davella Mills Foundation when they offered to give Rollins College a half million dollar library.

Dr. Holt felt there was nothing else to do but put his whole strength into the undertaking or he would probably not reach his goal and he says that he would do it again if it was up to him more than anyone else to get the library.

The generous support of past and present students and their parents contributed in no small measure to Prexy's success. This is a most tangible tribute to him.

Due to his illness, Dean and Mrs. Wendell C. Stone represented Rollins for President Holt at the concluding Bi-Centennial Celebration at Princeton University in Princeton, N. J., on June 15th, 16th and 17th.

Howard W. Bailey, professor of theater arts and director of the Annie Russell Theater, Nancy H. Felt, associate librarian, Constance Ortmyer, associate professor of sculpture, and Lt. Eva Thompson '26, chief acoustic specialist in the U. S. Naval Hearing and Speech Clinic, received the Rollins Decoration of Honor.

ROLLINS GRADUATES RECORD CLASS

On June 2nd, 1947, 95 seniors received degrees in Knowles Memorial Chapel at evening Commencement Exercises.

In anticipation 25 alumni assisted in welcoming them into our larger Rollins fellowship with an informal evening Open House on May 15th in the Alumni House.

Commencement week opened with Honors Day on May 28th followed by a lighthearted Faculty-Senior Supper at the Student Center. The announced subject of this "Conference" was NEVER LET YOUR EDUCATION INTERFERE WITH YOUR LEARNING! Good natured impersonation of the faculty was the piece de resistance that night.

Senior classes ended the next day and May 30th was Class Day. Reedy Talton acted as master of ceremonies and seniors met in academic dress in the spacious patio between the Student Center and Alumni House. Betty Rosenquest gave the class prophecy, and Eugene Buysee read its last will and testament. The program was highlighted by the class dedication of the center parkway in front of the new Administration Building in appreciation of its donor, Mrs. George E. Warren. Class President Sheldon Marks delivered the fare-

Bette Stein of Brooklyn, N. Y., and E. A. (Buddy) Bryson of Winter Park, Fla., were the happy and surprised recipients of Algernon Sydney Sullivan medallions at Commencement.

well address and exercises were closed with Lamar Simmons leading the singing of our Alma Mater.

The Student Council gave a gala all-college dance in honor of the graduating class that evening at Dubsdread Country Club.

The President's residence was the scene of a tea the afternoon of May 31st for the Seniors to introduce their families to the faculty and staff.

The next morning seniors attended and conducted their last service as undergraduates in the Knowles Memorial Chapel. Dr. Wilford E. Mann delivered the Baccalaureate Sermon.

Approximately 100 were up early for the Alumni-Senior Breakfast Commencement Morning at the Family Tree, oldest tradition at Rollins. With the dependable help of Ham McDonald, Roddy Lehman, Earl Shannon and other stalwarts, Fleet Peeples and Fred Ward officiated at the campfires as they have been doing for more than 20 years.

That evening the Academic Procession formed in front of Carnegie to march across the Horseshoe to Knowles Memorial Chapel, Dr. John J. Tigert, retiring president of the University of Florida, preceded his Commencement Address with high tribute to Dr. Hamilton Holt. Dr. Edwin O. Grover, vice-president and Dean Wendell C. Stone, dean of the College, were in charge of the exercises due to President Holt's critical illness at that time.

Besides the conferring of 95 bachelor degrees special awards were given on this occasion.

Bette Stein and E. A. Bryson were the recipients of Algernon Sydney Sullivan medallions, considered the highest honor at Rollins to recognize and encourage in others those same principles of love for and service to man which were Mr. Sullivan's dominant characteristics.

For campus leadership, Margaret Estes was awarded the Libra cup and Sheldon Marks received the 0000 trophy.

General Reeve Scholarships of \$100 for maintaining the highest academic standing for their last 3 years at Rollins went to: Margaret Estes, Janet Haas, Betty Lee Kenagy, Ilo Lorenz and Joan Sherrick.

Rollins Decorations of Honor were awarded to faculty members: Howard W. Bailey, Nancy H. Felt and Constance Ortmyer; and to Lt. Eva Thompson '26, Chief Acoustics Specialist at the U. S. Naval Hearing and Speech Clinic in Philadelphia. To her, Dean Stone said, in part: "... for the devotion and skill with which you have opened the ears of those who have walked in silence, for the gift you have bestowed on the unfortunate of the well loved voice . . . for the vision and energy with which you have translated your aspirations into reality . . . May this moment forever echo in the ears you have freed."

PLAN NOW TO COME TO THE WOODSTOCK REUNION

The Rollins family is planning to foregather in Woodstock, Conn., on August 16th in honor of President Holt's birthday on August 19th. Until the custom was interrupted by World War II, this was the most popular occasion for students, alumni, faculty and staff to get together during the summer months. Its revival this year will celebrate Prexy's 75th birthday. We anticipate that Dr. Holt will have recovered sufficiently by then to join in the festivities. Our July ALUMNI NEWSLETTER will inform you further of details, when plans are more complete, but save the date and plan to be there!

DISTRICT V HOLDS FIRST REGIONAL REUNION

On May 24th, following the Dad Vail regatta on Boston's famed Charles River, alumni in District V met for cocktails, dinner and just plain fun at the Copley Square Hotel. Besides the stories of Clyde Jones, other entertainment included songs and patter by "Happy" Herb Lewis, WBZ entertainer.

An informal business meeting was held following dinner, featuring an open discussion on the possibilities and hopes for an active alumni organization in District V.

Consensus of opinion suggested at least one annual reunion of District V, but that local Rollins clubs in various areas within the district be organized to meet more frequently. In this direction, alumni present were appointed to head up these local areas.

Jack Clark '39, co-Alumni Council Representative for District V, was delegated to organize the Bridgeport area; Les Taylor '27, the Hartford area; Ralph Gibbs '37, Springfield; Harry Tracy '31, New Hampshire; Clyde Jones '41, Maine, and Wendy Davis '40, co-Alumni Council Representative for District V, the Boston area.

Les Taylor announced that his area was holding a Rollins Alumni party in August preceding a play at his own summer theater in Hartford.

Unanimous approval for support and attendance at Prexy Holt's birthday in Woodstock, August 16, was given. It was suggested from the floor, and approved by unanimous vote, that mailing lists be sent all members of District V Alumni Clubs in order that they might contact each other to increase Alumni interest and activity.

Priscilla Smith Kingsley (Mrs. Johnston) '39 was elected secretary for District V, and Ted Pitman '41, treasurer.

Ralph Gibbs made a motion that this group "go on record" as favoring a less complicated form for filling out by Rollins Alumni of applications to Rollins. This was unanimously passed. Dean of Admissions, please note!

Dr. U. T. Bradley, crew coach, came in toward the end of the meeting and was introduced by Ted Pitman, who used to stroke Rollins crews. Brad claimed he wasn't prepared to make a speech, but then got down to the business of swell "scuttlebutt" on Rollins — which was all District V wanted to hear.

N. Y. CLUB MEETS

Another good alumni gathering met for cocktails in Mr. Harold F. Strong's apartment on June 11th.

Mrs. Wendell C. Stone (Marita Stueve) was in town and gave a brief and interesting report on the development of our new national Alumni Council. One of the elected representatives for District I, she took an active part in re-writing our association constitution last Fall.

P. R. (Dick) Kelly, who heads the N. Y. Club Board, announced the completion of the V. E. Program and reported on Dr. Holt's illness.

A note of greeting was then circulated among the alumni present and each added a message to Prexy. Those signing were: Nancy J. Cushman; Dick Kelly; Mortimer Lichtenstein; Victoria Peirce; James Haig; Mrs. Dennis V.

Ward, Assistant Treasurer; Miss Mary McQuarters, Secretary to the Registrar; Dean Arthur D. Enyart, Dean of Men; and Dean Marian van Buren Cleveland, Dean of Women.

Around The Horseshoe

(June Newsletter)

by WYNDHAM HAYWARD

March was on the lionish side to the very end this year, but the campus doings kept in step with the weather, and spring fever never had a chance around the horseshoe. Dramatics and show business formed the main entertainment interest of the season, with Wilbur Dorsett, that new dramatic instructor from Chapel Hill directing a fine performance in slightly stream-lined form, of Moliere's classic, "Tartuffe", late in March, starring Sidney Lanier, new talent sensation, in the lead, along with Ilo Lorenz and Prof. Charles Mendell in other important roles. It was a memorable revival.

Bill Shelton and Martin Dibner, 2 war veteran students, came up with literary achievements along about this time, Shelton, former AAF GI, having a short story, "Snow Girl," accepted by the Atlantic Monthly as an "Atlantic First," and Dibner completing a novel for Doubleday & Co., to be published soon. The title is "This Rock, These Stones," and the book is under option to 20th Century-Fox film corporation.

The Yale Glee Club sang at the Annie Russell March 31, with a special tribute paid to Gen. Charles McCormick Reeve, oldest living Yale graduate, by the Glee Club and audience. Gen. Reeve is 99 years old, and a winter resident

of Winter Park, besides being an important benefactor of Rollins. Prexy Hamilton Holt, Gen. Reeve and a stageful of local Yale men were called to the platform in the final number! Rollins boys and girls entertained the Yale men on campus and off during their visit.

Ginny Phipps of the Pi Phi, won the 1947-48 editorship of the Sandspur, and Jim Ernster, Kappa Alpha, was elected to the Tomokan editorship for the coming year.

The faculty, staff and students donated \$382 to the Red Cross drive; Olga Llano won the finals of the South Atlantic District Student Musicians auditions held at Greenville, S. C., March 22. She is a pupil of Prof. Walter Charnbury of the Rollins Conservatory.

In Intramural softball the KA's defeated the X club in the Sandspur Bowl opener while Pug Shaffer, Theta, upset Alice O'Neal, Kappa, 3 and 2 in the finals of the women's intramural golf. The Tar Varsity Baseball Team returned to the diamond for the first time since the war, and walloped an Orlando Air Base nine (9 to 2) in the first game at Harper Shepherd Field, now in better playing condition than in years.

In run-off elections, Dick Every was elected president of the Student Body, besting Howard Fisher in the extra ballot. Every is an Independent, while Fisher is an X-Clubber. Mary Jane Whitley, Alpha Phi, won the secretary's post from Edie La Boiteaux, Theta, in the same run-off, which climaxed one of the most exciting and colorful campaigns of campus history. Every is an economics major from Daytona Beach.

Kaye Haenichen was elected president of the Rollins French Club.

The Morse Gallery put on a show of non-objective art, which everybody thought completely screwball!

The dramatic specialists came up again with a hum-dinger, "Antigone," in the modern version of the French Resistance Movement by Jean Anouilh, with Madge Martin starring as the tragic heroine. Ed Waite as the tyrant Creon brought nostalgic memories to the theatre fans. A little later, Howard Bailey directed a thriller-diller called "The Finger of Fate," composed by Miss Winifred Gwyn-Jeffreys at the Annie Russell for the benefit of the VE drive, and a cast of Rollins favorites including Miss Gwyn-Jeffreys, Prof. Bailey, Mrs. Bailey, Henry Jacobs, of Orlando, Betty Marshall, Rudolf Fischer, Jack Hennessey, well-known boniface of the Virginia Inn, Dean Henry Edmonds and Prexy himself as "Little Sir Echo."

Crew was revived under Prof. U. T. Bradley, the veteran coach, with a capable but mostly inexperienced contingent of oarsmen. The baseball team took Tampa twice in succession; the Tar netters under Coach Eddie Copeland won from the Tallahassee branch of the U. of Florida, and lost to the U. of Miami in early contests. Enrique Buse, former Peruvian singles champion, was No. 1 man on the tennis team throughout for Rollins.

The Rollins Golf team, with Pete Dye and Hymie Goodwin in the Number 1 and 2 slots, gave a good account of itself in various meets. All in all, there was hardly an idle moment for the Tars and Tarlets all spring term, but still there was room for many worthy efforts, among them the Annual Spring Fiesta in April a benefit for the VE campaign, which saw students, faculty and staff working hard to provide a gay afternoon and evening of entertainment for the college family and townspeople. It netted some \$2,000.

Alumni Baby Show entries at the Student Spring Fiesta: 1st row, Betsy Bryson, Bonnie Dell, Georgiana and Linda Kittredge; 2nd row, Susie Ayers, Skipper and Anita Peacock, Dougie Bills and Sarah Ann Yopp.

Dean Henry M. Edmonds' resignation as Knowles Memorial head left a feeling of regret general on the Horseshoe. There was great excitement incident to the annual Independent Show, also a benefit for the VE fund, and a refreshing, brilliant spectacle of comedy and satire it proved to be, disclosing many new and varied talents. The Alpha Phis won the Horse Show intramural honors, led by Ainslie Embry.

Thornton Wilder visited the campus in late April. The KA's led the first half season in diamondball, with the X Club second, and the Tar baseball team took a couple of defeats from the University of Florida. Fencing returned to the campus as a minor sport. The Delta Chis won the crew cup for intramurals. The Tennis team continued its winning ways, bowing only to the Miami Hurricane netters.

The merry-go-round went faster and faster as May raced to a finish, the Thetas winning the girls intramural swimming meet, largely through the efforts of Betty Kerchkoff, Mary Upthegrove and Norma Depperman; Kaye Haenichen, Alpha Phi, however, won high individual honors as splash artist. A bronze plaque was put up at Dyer Memorial in tribute to Miss Susan Dyer, whose name the music hall bears, but was removed a few days later to correct an error in grammar in the brass lettering. The Conservatory students gave recital after recital, all of outstanding merit and interest.

Rollins bowed her athletic colors to Miami in a week-end of sports early in May, losing at tennis, golf, baseball. But the Tar cohorts were not discouraged — there'll come a time. The campus became tense as the \$575,000 VE campaign drew near its close. The office of President Holt hummed with telegrams and phone calls; and Sandy Caldwell, the college postmaster, staggered up and down the steps with extra sacks of incoming and outgoing mail

day after day. But there was a feeling of optimism in the air. We knew it would succeed!

In mid-May, the Tar nine bounced back and downed the Gators twice, one of the wins by 22 runs; the Rollins golfers whipped the U. of Florida, and the Rollins netters made it seven wins by downing Stetson.

Madge Martin had an audition with Helen Hayes and Robert Porterfield in New York, with promising results, and the Rollins Crew flew to Boston for the Dad Vail Regatta, where they placed fourth owing to somebody catching a couple of crabs.

Prexy Hamilton Holt turned the first spade of earth for Orlando Hall, important new classroom addition for the campus, across from Knowles and Cloverleaf. Impressive ceremonies marked the groundbreaking. The Chi Omegas and the Lambda Chi Alphas won the annual campus sing on the evening of May 17. It was close competition all the way.

The baseball team under Coach Joe Justice ran its winning stretch to six games with dual defeats over both Stetson and the U. of Georgia, Savannah Branch. The Independents tripped the X-Clubbers in a crucial final game and won the intramural softball trophy to the surprise of some of us. Kappa Alpha came in second and the X-Club third. The Thetas won the girls' intramural sports trophy as usual, their volleyball team being undefeated. The Irish Play, "The Whiteheaded Boy," closed the college dramatic season with much success, Ilo Lorenz, Reedy Talton and Anita Rodenbaeck playing their final roles.

Just before Commencement the campus was shocked to learn of Pres. Holt's hospitalization and emergency operation for appendicitis, but he is coming along fine at last reports as this is written, so the anxiety is relieved. The Tar baseballers ended the season with 16 wins as against 5 losses.

Retiring Pres. John J. Tigert of the Univ. of Fla. was Commencement speaker with his Tennessee mountain twang that 3 years at Oxford could not ameliorate; the affair was held at night, June 2 for the first time. Maybe it wasn't as hot as on some sunny June mornings, but the chapel was filled with the biggest crowd at any Tar graduation, and it was abundantly humid and warm during the ceremony inside. In the absence of Prexy, Vice Pres. E. O. Grover and Dean Wendell C. Stone did famously in handing out the sheepskins. The big difficulty came after the service when the throng milled around the lawn in front of the chapel in almost complete darkness trying to exchange greetings and farewells and introducing relatives, etc. The place should have been floodlighted for the occasion.

And that about completes the major points of interest in the picture, except that we hear that Miss Ilo Lorenz, blonde and gamorous Senior, who won the Fred Stone Dramatics Award, announced at Class Day Exercises as established by Paula Stone in honor of her father, has met Miss Stone in Chicago already since graduation, and will be introduced to the Hollywood scene and movie bigwigs this summer by the great comedian's daughter. That's going places! Ave atque Vale.

In Memoriam

With sorrow we have just learned of the passing of Mrs. Alice Fairchild Risser in Stewartville, Minn., on February 15, 1947. She attended Rollins 1889-90. A devoted wife and mother, she is survived by her husband and son, Alden.

Dr. Edward G. Rowland died in the University of Pennsylvania Hospital in Philadelphia on April 9, 1947. At Rollins, 1894-95, he went on to take his B. A. degree at Oberlin College in 1899 and M. D. degree at the Baltimore Medical College in 1903. Dr. Rowland was on the staff of the N. J. State Hospital in Trenton, at the time of his death.

Memorial Services were held in the Knowles Memorial Chapel at Rollins for Madame Louise Homer, who died on May 6, 1947, at her home in Winter Park. Associated with Rollins for the last 8 years as honorary advisor in voice, last February the Algernon Sydney Sullivan Medallion was bestowed upon her by the College. Beloved by opera goers of 2 continents, Mme. Homer was a member of the Metropolitan Opera Company for 19 successive years. In 1923-24 she was chosen as one of the 12 greatest living American women by the National Association of Women Voters, and 5 American colleges and universities have conferred honorary degrees upon her. She is survived by her husband, Dr. Sidney Homer (HON. '39) a son, 4 daughters, and 18 grandchildren.

Dr. Hamilton Holt, paid her this tribute: "We think of Louise Homer here in her winter home not so much as the noble artist whose glorious voice and vivid dramatic sense made her probably the greatest dramatic contralto America has produced, but rather as a good woman, whose nobility of spirit has touched with light this whole community."

The College and fellow students are saddened by Maurice Layton Hinshaw's death by drowning at the Willapa National Refuge near Illwaco, Wash., on May 23rd. Before entering Rollins in 1936, he had completed 2 years of pre-medical study at the University of Washington, but abandoned medicine due to a later break in health to prepare for a career in wildlife work. Upon graduation from Rollins in 1941 with a B. S. degree in biology, he was awarded a 2-year government fellowship for graduate study at the Cooperative Wildlife Research Unit of Oregon State College in Corvallis. In 1942 he accepted a position with the U. S. Dept. of the Interior Fish and Wildlife Service in California at the Tulelake National Wildlife Refuge. He transferred to the Redmond, Ore., U. S. Soil Conservation Service the following year; then returned to the Tulelake Refuge as Junior Manager. Promoted to the managership of Willapa National Refuge in 1945, he was active in planning its development as an important part in the Pacific waterfowl flyway. Mrs. Maurice L. Hinshaw (Leigh Davis '39) has our deep sympathy in his untimely death. Their daughter, Virginia Leigh, is 3 years old.

Carl Noble, U. S. Commissioner for more than 30 years, died at his home in Jacksonville, Fla., on May 30th. Mr. Noble attended the former Academy and Rollins College from 1896 to 1905. He received his A. B. degree at Rollins and his law degree at Stetson Univ. in 1907. Our sympathy is extended to his wife, Mrs. Mamie E. Noble, and daughter, Mrs. Cornelius Griffin, of Americus, Ga.

CLASS NOTES

Gay Nineties

Secretary: Rev. Henry B. Mowbray, 442 Chase Ave., Winter Park, Fla.

We were saddened on April 15th by the death of Mrs. Rex Beach and extend our sincere sympathy.

Stella Waterhouse, who added much to the pleasure of the Gay Nineties Tea last Founders' Week, wrote: "I remember the college color when we were there and your centerpiece was a beautiful reminder."

April 7th was a High Day in Israel for us of the Gay Nineties because we helped celebrate the Golden Wedding of Fred and Clara Layton Ward. They live in the old Ward homestead, said to be the oldest house in Winter Park. About one hundred guests foregathered for this occasion and the most important were 4 children, 6 grandchildren and 3 great-grandchildren!

Grace Wakelin made a trip to Philadelphia this spring, stopping in Richmond and Charleston to see the historic Magnolia Gardens in bloom. She says: "The magnolias were very lovely but a disappointment to me — too much dark lavender. I like bright glowing colors."

One morning's mail brought us a delightful card from Paul Patton Faris, who describes himself as "an oldtime student of happily-remembered Rollins College (1899 the time was)." He and his wife have moved from Haverford, Pa., and have been living at 652 Agate St., Laguna Beach, Calif., since February, 1946. They are near their daughter, Rosemary Faris, who is regional ground personnel instructor for American Airlines; and their 3 grandchildren and other daughter, Mrs. Eunice

Cowie, who is teaching in the Redlands public schools. Mr. Faris retired from his office in Philadelphia, as publicity director for the Presbyterian Church in the U. S. A. in December of 1945. He adds that he is "now living on pension, sunshine and sea breeze" and sends good wishes to Rollins!

John D. Evans x97A, returned to the campus to see his great-niece (Shirley Evans) receive her degree from Rollins. He and your secretary had a 2-man 50th Reunion following the Commencement Exercises. Many of you were remembered in our joyful conversation.

A last reminder to any who have not already sent a greeting to Mrs. Caroline Hills Abbott at Huckleberry Mountain in Hendersonville, N. C. She will be 100 years old on July 9th.

Ed. Note: Your faithful correspondent came to the Alumni-Senior Breakfast bright and early on Commencement morning. He will attend his 50th Class Reunion this June at Oberlin College, where he received his degree. Having gone to Rollins for so many years, however, he declares, "my heart and home are very close."

Class of 1904

Secretary: Mrs. L. C. Algee (Mary Hardaway), 1017 Cumberland Rd., N. E., Atlanta, Ga.

Helen Steinmetz combined business with pleasure and motored up to Norristown, Pa., early in May. She visited Laura Anders '08 (Mrs. Brook Barrett) there and stopped off en route for a week-end in Norwood, Pa., with Liva Frazer '08 (Mrs. August Ulmann).

Class of 1906

Secretary: Mrs. Henry Nickel (Carrie Ensminger), Silver Lake, Sanford, Fla.

Florence Robinson (Mrs. George Saunders) joined Helen Steinmetz '04 in Jacksonville, on her recent trip to Pennsylvania, and drove as far as Washington, D. C., with her.

Class of 1908

Secretary: Leon B. Fort, 715 N. Lake Dr., Orlando, Fla.

Morris Givens is a Legal Specialist with the Veteran's Administration in St. Petersburg, Fla.

Laura Anders (Mrs. Brook Barrett) of Norristown and Liva Frazer (Mrs. August Ulmann) of Norwood must have had a wonderful time catching up on news of Rollins, when Helen Steinmetz '04 visited them in May while in Pennsylvania.

Class of 1913

Secretary: Ralph Twitchell, Siesta Key, Sarasota, Fla.

We are indebted to Harry Nickerson, who wrote us from his law offices in Boston, for Mabel Daniel's address: 2272 Karinzawa, Nagano Ken, Honshu, Japan. As many of you know, she has devoted herself to missionary work in Japan for many years and he enclosed the following account of her war experiences: "Imprisoned under guard at the house where she lived in Nagoya, she sold her piano and most of her clothes for food and then subsisted on chickweed and snails which she dug in the garden. Her weight went down to 85 pounds and she developed beri beri, from which she has now recovered. A building directly across the street was destroyed by bombs but her house was not hit although part of her fence burned. She says the worst thing to bear was the uncertainty of what was to happen to her as there were constant threats of moving her but she did not know where." Friends and relatives are sending food and other necessities, but existence is still a problem.

Class of 1918

Loretta Salmon left Winter Park on June 6th for her summer home in Beloit, Wisc.

Isabel Foley Whalen (Mrs. J. Robert) and 4 year old daughter, Janet, spent the month of April visiting relatives in Winter Park. They live in Provincetown, Mass.

Eleanor Coffin Hofbauer (Mrs. C. E.) with her husband and 5 year old daughter are now permanent residents of Winter Park. They moved here from West Hartford, Conn. Eleanor, who was a former student and teacher at the Rollins Conservatory of Music, is organist of the Winter Park Congregational Church.

Christine Reece Baldwin (Mrs. R. L.), also formerly of the Rollins Conservatory, entertained the Orlando Chapter of the American Organist Guild with a buffet supper early in June at her charming new home in Winter Park. Members of this organization include Herman Siewert, Rollins Professor of Organ, Elizabeth Perrine Cole '19 (Mrs. H. E.), Eleanor Hofbauer (Mrs. C. E.) and Walter D. Kimble '35.

Honored guest on the above occasion was Hazel Mauer Jerome (Mrs. Reed), another former student and teacher in the Rollins Conservatory who was visiting in Orlando for several weeks. She has returned to her home in Buffalo, N. Y., accompanied by her mother. Hazel and Reed have purchased a home there, and when Hazel is not busy teaching or playing the piano, she is an industrious housewife. Her husband, who made so many friends during his military service here at the Orlando Air Base, is organist for the Trinity Church in Buffalo. They were delighted to find a Rollins musical delegation at Chautauqua last year. Among those whom they met were Marian Rous, formerly of the Rollins Conservatory, Manly '32 and Louise (Howes '30) Duckworth and Mr. Walter Charnbury, professor of piano at Rollins.

Yours Truly breezed up to Rollins to take in the Alumni-Senior Breakfast on Commencement morning, shortly before taking off on another jaunt to N. Y. City.

How about dropping a line about what you've all been doing?

Class of 1926

Secretary: Mrs. W. H. Gore (Catherine Young), Oviedo, Fla.

Bob Colville is living in Mt. Vernon, N. Y., with his wife and 2 young sons. He commutes to 16 Wall St. in New York City where he is Trust Banking.

Those of us who read *The Saturday Evening Post's* account of Eva Thompson's work at the Philadelphia U. S. Naval Hospital Hearing and Speech Clinic, were not surprised when she flew down for Commencement this year and received the Rollins Decoration of Honor. On terminal leave, she has the rank of Lt. in the U. S. Navy, but will continue her fine work under Civil Service. It was especially nice having her back for the Alumni-Senior Breakfast.

Class of 1927

Secretary: Katharine Lewis Lehman, 772 Maryland Ave., Winter Park.
To the Class of '27:

Since I did not get a letter to you before this issue, I am going to write an "open" letter to the Class.

Seems like we slipped up on our 20th Reunion (can you realize we really have been out that long!) so Dickie, Althea and I have decided it is not too early to start planning right now for our 25th. What form shall it take? Shall we celebrate on Alumni Day of Founders Week or at Commencement? Let's all begin thinking about it and planning for it now. Send your suggestions to Dickie or to me, please.

And isn't it thrilling to know that the V-E fund has been raised and that Rollins is assured of the new half million dollar library. But the best news of all is that as the *Record* goes to press, Prexy is declared definitely "out of danger". He has been a very sick man and has still a hard pull ahead, but with the campaign a success, the library assured and with the prayers and good wishes of all his "academic sons and daughters" we are sure he will come thru with flying colors as he always has.

It was splendid of Aurora to pinch hit for me in the March issue. Gail is now 4 months old and growing like a weed and Lewis, now 3½, thinks she is a pretty nice little girl.

Hardin Branch reports that his new address is Grubbs Mill Road, R.F.D., Berwin, Pa.

Jan Tuttle has completed another year of teaching out in Colorado, Estes Park, but we do not know what her plans are for the summer.

Les Taylor invited all alumni near Hartford, Conn., to a party in August preceding a play at his own summer theater there, when he was selected at the District V meeting to organize Rollinsites in his area.

Dickie Colado is Girl Scout Executive for Winter Park and is deep in plans now for her summer day camps. Scout work and the three youngsters keep her busy. As usual she was on hand to help with the Alumni Breakfast on Commencement Day.

It is nice to see Althea attending so many college functions and she too, was on hand for the breakfast.

It would be grand to hear from each of you and to have a note about each for the next *Record*. How about it? Write me what you are doing this summer and don't forget — if Prexy is well enough the Woodstock Reunion will be held August 16. If you are to be in the East be sure and plan to attend.

Best wishes to you all.
Kay.

Class of 1928

Secretary: Carter Bradford, 300 Sylvan Dr., Winter Park, Fla.

A card from Kay Hosmer says: "Effective June 1st., please change my address to South Maple Avenue at Lewis St., Basking Ridge, N. J. I've bought a sweet old house." Thanks, Kay, for keeping us posted.

Kenelm Winslow and his wife left Winter Park on June 8th for an extended motor tour through the south and southwest with their ultimate destination Mexico City. There, they will be the guests of Mr. Sam J. Wright, prominent construction engineer who has been active in the construction of the Pan American Highway and whose most recent work has been the erection of the power plant in the Mexican capital. Their host is planning many trips for them including out of the way places of interest seldom seen by the casual tourist to that region.

The endless efforts of our Alumni Office to locate "lost" alumni sometimes bring amazingly good results. Last October a tracer was sent to Phil Boardman which, he writes, has been following him around the world but caught up with him late in March. Anyway, now we know he's back out of service; married and living at 705 Graff Ave., in Meadville, Pa., and a Mechanical Engineer with the Corporation Engineer Office of the American Viscose Corp. there. He adds, "How about sending me a copy of the Alumni Record? I ain't seen one in years. Also say hello to Fred (Unk) Hanna and Ray Greene."

Class of 1929

Secretary: Nancy Brown, 311 N. Piedmont St., Arlington, Va.

For those who may not have read it in *The Post* and other Washington newspapers, Ellsworth Bassett was engaged by the Senate Public Works Committee as an engineer on its professional staff early this year. After his 3 years at Rollins, Ellsworth graduated from George Washington University with a degree in civil engineering. With the U. S. Engineers for many years, he has served the Army Engineers in a civilian capacity and recently was in the office of the chief of Army Engineers. Ellsworth and Ione (Pope) Bassett and their 2 boys and little girl live in Arlington, Va., at 1617 N. Greenbrier St.

Lucky Dorothy Wilson Strunk (Mrs. Edwin H.)! She and her husband, young daughter and son have moved back to St. Petersburg, Fla., which is so much closer to Rollins than Michigan.

According to *The Atlanta Journal*: "For those who didn't understand Spanish, O. S. Bandy, president of the Atlanta branch of the Pan American League repeated his address of welcome in Portuguese; for those who didn't understand Portuguese, he repeated it in French; and for those not conversant with any of these languages, Mr. Bandy finally spoke in English. The occasion was a Pan-American Week celebration. . . The multilingual address was no feat for Mr. Bandy, for besides being president of the league, he is languages teacher at Tech High and author of several texts." We are further impressed to learn that Ollie was elected chairman of the Atlanta Curriculum Study, Foreign Languages, 4-member committee which prepared a 75 page report; and was appointed director of the Oglethorpe University Spanish Institute for 5 weeks intensive work in Spanish, June 9-July 12.

Lois Bartlett Tracy (Mrs. Bus) had a one-man snow at the Norlyst Gallery May 19-31 in N. Y. City. She writes: "We had a regular Rollins reunion in N. Y. recently with dinner with Jeannette Genius McKean (Mrs. Hugh), tea at the Plaza with Maxeda von Hesse '35, and a good visit in Conn. with Clyde and Leah (Bartlett '35) Lasbury at their home in Broadbrook. Also met the fine family of Cecilia and Si Lasbury."

Si, Cecilia and their eldest son, Chase Lasbury, came by the Alumni House when they visited the Rollins campus late in March. They are living in Hartford, Conn., and Si says he's a farmer now.

Luella Lyle, who has just completed another year of teaching in the Winter Park High School, left June 7th to attend Penn. State College.

Secretary: Clara Adolfs, Rollins College, Winter Park, Fla.

Ethel Hahn Comfort and her husband spent a few days on the campus recently. They left their two little girls at home while visiting central Florida for a brief rest after remodeling their home.

Rollins has grown so that we don't come to know half the students! Just discovered the other day that Sally Green Ferrel has been attending classes. And at a Pan-Hellenic tea met Marj McMichael Pickard who said she also had been studying down

at the art studio, while Row was busy inspecting fruit.

Thanks for the news clipping, Billy Chapman Hodges. Can imagine how busy three children and a garden do keep you, but Red Cross appreciates your services, too, no doubt.

Asa Jennings, Irene and the two boys spent a few weeks with his mother in Winter Park. Too bad Asa had the flu while here, but it was good to see them all out for Chapel one Sunday morning.

Congratulations, Bob and Virginia Sprague, on the arrival of Margaret Lynn last December or January. No doubt, Holly and Bobby are proud of their new sister.

A package from a "Rollins Alumnus" was sent from New York last October and reached Peter Berger the end of March. He writes: "It was a very fine parcel and helped us wonderfully, besides it was a heart-warming sign of Rollins fellowship which had outlasted so many years. Please forward my sincerest thanks." Also: "Our only hope is that the powers . . . may come to some sensible agreement and preserve peace and cooperation. If there were to be another war everything would be futile. Peaceful work alone can help us towards improvement."

Our sympathy to Ruth Cole Russell who lost her mother recently. She and Cloyde plan to be in St. Petersburg in July, when we at Rollins hope to see them.

And we're sorry to hear that Dr. Sharpe, husband of our Janet Cadman is having serious trouble with his eyes. May science effect a cure soon.

Mr. Graham brings 15 years of well rounded experience to his new job, which includes managership of the tire department . . . Hats off to Gifford Warner, head of Valley Enterprises at Old Saybrook, Conn., for ingenious ventures! He has bought the LCT 434, which landed tanks in Sicily and Normandy, from the Maritime Commission, to transport trucks filled with Long Island potatoes and other farm produce to Connecticut docks for speedy runs to wholesalers in the larger cities of that state. He plans to operate the LCT with a crew of 3 men as it now rides the water, with perhaps a mere widening of the pilot's slits for clearer vision on its peacetime runs. The barge has a capacity for holding 6 trailer-trucks and a top speed of about 8 knots. Several wholesalers with warehouse

docks on Long Island Sound, unused in recent years, will be glad to have them used. This will make it possible to load the trucks as they stand on the barge, eliminating the necessity of driving the trucks inland to pick up produce. He and Edward Bonelli ('36) of Ivoryton, took over the landing barge at Staten Island, N. Y., and this 2 man crew ran it slowly to the old steamboat dock in Essex, where Gifford lives, in 21 hours. They took turns acting as engineer and pilot and, both being experienced watermen, had no difficulty.

Ed. Note: Tommy Thompson wrote recently: "Yours truly and Burleigh Drummond held a chance nocturnal reunion in the Mansfield, O., Leland Hotel till the wee small hours This may not sound unusual but 'twas a meeting of old roommates — the first in over 7 years. . . .
