Alumni Day and Founders Week

by WATT MARCHMAN, '33

FIFTY years a graduate of Rollins College, Clara Louise Guild, teacher in the Winter Park High School, was an honored guest at the annual Alumni Luncheon on Alumni Day, Saturday, February 24. She was awarded the first Scroll admitting her into the "Rollins Golden Circle," an honor group of alumni who will have been graduated at least a half century. A Rollins Wedgwood plate was presented with the Scroll as a token of esteem by the Alumni Association. The other member of that first graduating class back in 1890, Miss Ida May Missildine, was unable to be present much to the regret of everyone.

Many alumni returned to the campus for the activities of Founders Week and Alumni Day. As they arrived Saturday morning, they were registered by Helen Steinmetz, '04, and her committee on the porch of Pinehurst, where brightly colored arm bands, decorated with a large "R" and their Class year, were pinned about their arms. Student guides conducted them about the campus, into dormitories and classrooms. At one o'clock the Rollins Band entertained with spirited college songs and popular numbers, then led the alumni across the Horseshoe and to the Beanery for the luncheon meeting. Emily Lippencott Webster, '20, was the very efficient chairman of the luncheon committee.

"A good girl, but with none of the seductive charms and bright dress which now adorn her," said Rex Beach, '97, President of the Alumni Association, in describing Rollins as he remembered her when a student, on opening the 42nd Annual Luncheon-Meeting. He reviewed the College's development and complimented President Holt on the sound progress and fine reputation which Rollins has gained throughout the world during the past several years.

The annual business meeting which followed was brief. Mimeographed reports of Alumni Association officers were at each plate. The Nominating Committee's recommendations, based on the returned ballots mailed each alumnus earlier in the month, for the election of officers for the Association for 1940 were adopted as follows: Alumni Trustee, Douglass W. Potter, '25; President, Rex Beach, '97; Vice-President, Thomas P. Johnson, '34; Executive Secretary, Katharine Lehman, '27; Treasurer, Frederic H. Ward, '21; Executive Committee of the Alumni Council, Helen Steinmetz, '04, Charlotte Steinhans, '30, Wilbur Jennings, '29 and Elbert Winderweede, '28.

H. George Carrison, '33, was introduced by Mr. Beach as toastmaster for the luncheon-meeting. Mr. Carrison presented Jacob Gazan, Charter Student and prominent lawyer of Savannah, Georgia, as general chairman for Alumni Day. Mr. Gazan praised the spiritual and intellectual leadership of Dr. E. P. Hooker, Rollins' first president, whom he deeply admired as teacher and friend, and he attributed his success in business to the inspiration of his teachers at Rollins, Dr. Hooker, Professor Austin and others.

Mr. Carrison after presenting a few of the honored

guests, introduced Dudley Darling, '40, chairman of the Student Council who welcomed the alumni on behalf of the Student Body; Prof. Edward F. ("Riley") Weinburg, who extended welcome on behalf of the Faculty; Dr. Holt who pointed out that the highest honor an alumnus can give his alma mater is by making a success of himself; Mr. William T. Whedon, a fifty year graduate of the University of Michigan, who presented Miss Guild for the "Rollins Golden Circle"; and a response by Miss Guild. Arthur Guiterman, noted poet and lecturer, and guest speaker for the luncheon, read several of his poems, concluding with, by popular demand, "Death and General Putnam."

Alumni Memorial Vespers

Alumni assembled at 4:00 p. m. in the Frances Chapel of the Knowles Memorial Chapel for the annual Memorial Service honoring members of the Rollins family who died during the year. An organ prelude by Emilie Sellers Dougherty, member of the Rollins Conservatory, opened the service, and Henry B. Mowbray, '97, gave the Invocation. The Memorial Litany was written and led by Marian Robinson Trumbull, '39. A solo by Virginia Quantrell, '39, was followed by the reading of a passage from the Bible by William Scheu, '39. Mrs. Frances Knowles Warren spoke briefly of the value of prayer in daily life. President Holt read the names of alumni, "In Memoriam"; John Stuart Campbell, Assistant Professor of Physics, 1933-34; Frances Mason Ely, Librarian, 1905-1915; Eugene Fairchild, 1894-1896; Fritz John Frank, A.B., 1896, Trustee, 1922-1939; J. Edward Kirbye, Hon., 1905; Austin Leonard Lacey, A.B. 1928; Charles LeBaron Donovan, 1894-1897; Eileen Ray Marshall, A.B. 1932; Milton Sawyer Rose, Professor of English, 1921-22; Edwin R. A. Seligman, Hon., 1938; Leonard Seaver, A.B., 1928; Andrew Sledd, Hon., 1909; Wood Robert Stewart, A.B., 1902; Harry Vanderpool, 1893-1896; Mrs. George Victor (Elpeay Breon), 1937-1939; Fayette Eugene Ward, 1927-1928; and William Wilbur Wilson, 1915-1917. The benediction was given by Dr. E. C. Nance, Dean of the Knowles Memorial Chapel.

"Gay Nineties" Tea

Mr. and Mrs. Henry B. Mowbray were hosts at a "Gay Nineties" tea at their home on Chase Avenue at 5:00 o'clock, honoring Miss Clara Louise Guild, fifty year graduate. Many of her friends called to congratulate her and to enjoy the famed Mowbray hospitality.

Other Founders Week Events

A series of musical programs and lectures ushered in Founders Week on Tuesday, February 20th. The first event of the week was a lecture Tuesday afternoon on "Swinburne" by Charles A. Steel, a member of the Rol-

Graduate Notes From the Science Department

by DR. GUY WADDINGTON

Associate Professor of Chemistry and Secretary of the
Division of Science

IT MAY interest some of us to survey the present activities and whereabouts of recent Rollins graduates who spent a goodly portion of their precious undergraduate years in Knowles Hall preparing themselves for careers in some phase of science.

Among more or less recent pre-med graduates we find that "R" Brown, '36, already has an M.D. from Duke and is now interning in the Illinois Central Hospital in Chicago. Jim Tullis, '36, is close on his heels and will get his M.D., also from Duke, this year. Dr. Mabel Mousselet, '35, is interning in the Wesson Memorial Hospital, Springfield, Mass. after having successfully finished her training at Boston University. "Vi" Halfpenny, '37, is in her third year at Tulane Medical School and appears to have broken the back of a back-breaking four years. Davitt Felder, '38, finds the Yale Medical School much to his liking but then, of course, "Dud" was half a doctor before leaving Rollins as his many patients will testify. We have thought of putting the F. B. I. on the trail of "Bill" Spickers, '38, unconfirmed rumor has it that he prowls the corridors of Bellevue Hospital looking for victims.

Nelson Marshall and John Fluno, both '37, and Joe Howell, '35, illustrate a point—that Florida possesses unique opportunities for biological investigation and inspiration. Nelson (M.Sc., Ohio State, '38) is now at the University of Florida, hot on the trail of a Ph.D. (Doctor of Phishology in this case). And what a service Nelson has done the University of Florida in stealing Grace (Terry) Marshall away from Rollins. We hear that Joe will be Dr. Howell in the near future and that John Fluno carries high the Rollins banner at Ohio State University.

Frank Walker, '40, Rollins pre-engineer, reports from M. I. T. that he has more courses there, but not harder courses than at Rollins—can it be so?

Rollins chemistry majors seemingly have found themselves able to go out into the hard world and make a living. Abe Meer, M.Sc., '34, after graduate work at the University of Florida and Syracuse is now a citrus researcher as is Ted Kew, M.Sc., '35, and how those Golden Apples need research after the great freeze of 1940!

Dr. Tom Powell, '36, footballer extraordinary, earned his title at the University of California at Berkeley and is now chasing molecules for Standard Oil. He is president of N. C. S. R. A. A. (Northern California Section Rollins Alumni Association). Bill Twitchell is the other member. Both Bill and Tom play rugby for the Uni-

versity Club of Berkeley. In odd moments Twitch works toward his Ph.D. in Chemistry at the University of California. With the ultra-sonic generator he is building he hopes to change the personalities of various unfortunate chemicals.

Bob Spurr, '37, M.Sc., Harvard '38, is now at the California Institute of Technology in Pasadena mastering the intricacies of photo-chemistry.

Lew Wallace, '38, finds plenty of outlet for his mechanical skill and inventive genius with the Tennessee Coal and Iron Company. Among other jobs he helps to manufacture pre-fabricated steel houses for export to Panama.

Bruce McCreary, '39, another chemist turned machinist and engineer, trouble-shoots for a manufacturing concern in Louisville.

If our country is just a little brighter, just a little cleaner than of yore the results can be traced to H. P. Abbott, '36, now researching with Lever Brothers—you know they make soap. H. P. always was a crusader for clean administration, clean minds, and now, clean faces.

Skeeter Dean, '39, did not become a professional chemist, but did the next best thing—married one—so now Skeeter Farley keeps house and cooks in Elizabeth, N. J. Numerous critical observers give her an "A" rating doubtless due to precision control of oven temperature and other variables.

Billy Welch, '39, (chemeconomist) toots Monsanto's praises to the skies—we have never heard such infectious enthusiasm about a job—as a public relations expert Billy is a winner.

It seems we haven't many girls on the list, but let's not forget Ann Earle, '39, now at the University of Wisconsin under Steenbock, ace vitamin researcher. Ann tells us that the Vitamin B₁ filtrate contains pantothenic acid, what it is and does no one knows, but Ann always was inquisitive.

The above list leaves one with the very definite impression that students can spend four years at Rollins, enjoying its cultural advantages, taking part in fraternity and other campus activities, learning to rub shoulders with all types and at the same time lay a foundation for future specialization in some of the many branches of science. In fact, in this day and age with science becoming an increasingly important factor in the life of the world, it becomes increasingly important for future scientists to spend a few, at least, of their formative years in the liberal arts atmosphere where a sound basis for a well balanced life will be laid.

Rollins

Fourth Step

by GEORGE C. HOLT, '31

Director of Admissions

•

ALUMNI will no doubt want to know that Rollins inaugurated this fall its fourth advance step in its program of Common Sense education. In the *Alumni Record* of March, 1939, Dr. Stone, Professor of Philosophy at Rollins College, outlined in an article the new Integrated Courses to be instituted. The courses were developed by a committee appointed by President Holt in the fall of 1937 and were submitted to and passed by the faculty the following spring. During the academic year 1938-39 they were perfected and brought to a higher degree of efficiency.

Since the purpose of the Lower Division is to offer to the students a program which will broaden their understanding, and aid them in acquiring a foundation of basic knowledge upon which to build somewhat intensively in the Upper Division, and since thinking is to a large degree a process of relating information, these new courses are of broad general character and stress the integration of the various fields of knowledge offered.

The tendency in American teaching for several generations has been to separate arbitrarily the various fields of knowledge. Each subject has tended to become a small compartment of knowledge set off from the others. The average student has, in the past, taken certain courses in Science, History, English, Economics, Sociology and so forth. Unless he had a particularly wise professor, he was not apt to realize the fundamental unity between all fields of knowledge. The vital point that every field of knowledge is inately related to every other, as a part of a mosaic is to the whole, was scarcely recognized in our school and college curricula. Yet, as a matter of fact, the interrelation of every field of knowledge, and the bearing of each one upon every other, is such an obvious truth that students who have not been brought to recognize it have missed perhaps the most essential point in their education.

Therefore, the new courses in Science, in The Humanities, in Human Affairs, and in Integrated English are so arranged that no student taking them and understanding them can fail to grasp this point.*

As stated earlier Rollins has now taken her fourth great step forward. In 1926 we instituted the Conference Plan. This was, and probably still is, one of the most practical advances made by an American college in methods of teaching. In 1931, Rollins instituted the Achievement Plan, which divided the college into a Lower and Upper Division, and not only further advanced methods

SUSAN H. DYER

Dyer Memorial To be Dedicated

Music lovers of Florida and in particular those who knew the late Susan H. Dyer will gather with other friends of Rollins on the campus at five o'clock on the afternoon of April 14 for the dedication of the Dyer Memorial Building which was erected last summer and which has been in use since the opening of the fall term. Mrs. Philip T. Stillman of Winter Park, a cousin of the late Miss Dyer, is in charge of the program and extends a cordal invitation to all alumni to participate in the ceremonies.

This attractive, one-room structure is a deeply appreciated gift to Rollins from the former students and friends of Miss Dyer through the Dyer Memorial Association which was largely created and maintained by Mrs. Stillman. It has been used for reading in the special music library provided Rollins by the Carnegie Foundation, for browsing, for meetings of music groups and organizations, for hearing compositions by records, radio and concerts, a small platform for which has been provided, for composing and many other activities.

of teaching but opened a way for greater development in the content of teaching. In 1933 Rollins announced the institution of the Unit-Cost Plan as logical a method of financing a college as has been devised. Now in 1939, Rollins is putting into effect the Integrated Course Plan.

It should be a matter of pride to all of us that Rollins College still maintains her place in the field of American Higher Education. May we ever be in the forefront as an initiator of progress.

* Alumni who wish a fuller explanation of these courses and their purpose, to familiarize themselves with the actual working of the plan will be supplied with a mimeographed supplement to the catalogue upon request.

EMILIE
CASS

Mrs. Emilie Cass Celebrates 75th Birthday

Mrs. Emilie B. Cass, affectionately known to hundreds of Rollins students, faculty and staff as "Cassy", recently celebrated her seventy-fifth birthday at the home of her daughter in Doylestown, Ohio.

Shower of birthday greetings poured into Doylestown on January 24 when her many friends remembered this milestone in Mrs. Cass' useful, interested and interesting life.

Mrs. Cass served Rollins as Registrar from 1924 to 1937 when she resigned to become Registrar Emeritus. In 1931 Mrs. Cass received the Algernon Sidney Sullivan Award, the highest honor in the power of Rollins to bestow. In presenting the award President Holt said in part: "Your duties have brought you into intimate contact with both faculty and students. In diverse and difficult situations you have exhibited tact, patience, and kindness. To all your responsibilities you have given discretion, fidelity, and a full measure of devotion, thereby revealing a strength of character, a wisdom of judgment and a sympathetic appreciation of the needs of others."

The entire alumni body will be wishing for "Cassy" many happy years ahead.

Nominations for Alumni Awards

Alumni are asked to submit nominations for the Rollins Decoration of Honor to be presented to alumni at Commencement, June 3. Nominations must be submitted to the Alumni Office in writing together with facts substantiating the reasons for the nomination.

The Rollins Decoration of Honor was established at the Semi-centennial celebration in 1935 and is awarded at Commencement time to those alumni who have served their alma mater or through their service to their communities have brought recognition to their alma mater.

Rollins Writers

by MARY L. BRANHAM, '11

FROM Honorary Alumni we have these contributions: *Alice Hegan Rice* and her husband, *Cale Young Rice*, (Litt. Ds. 1928) have both produced recent books. Mrs. Rice's book, "Our Ernie" (Appleton-Century) is advertised as a light novel. Mr. Rice's book, "Bridging the Years" (Appleton-Century) is the story of a poet's evolution. This book looks at poetry and at people from the point of view of a personality that is as definite as it is distinguished.

The Marion County Chamber of Commerce arranged a testimonial dinner at which two hundred persons were present in tribute to Mrs. *Marjorie Kinnan Rawlings* (Litt.D., 1939) who has become a national figure through her writings, and who recently won the Pulitzer Prize for "The Yearling." Present at the dinner were some of the Big Scrub folk whom she has come to love, and who supplied her with ideas for characters and information for her stories. "The Yearling" is now available for the blind as a Talking Book. The feature story in the *Saturday Evening Post* of November 25 entitled "Cocks Must Crow" was another of Mrs. Rawlings' interesting short stories.

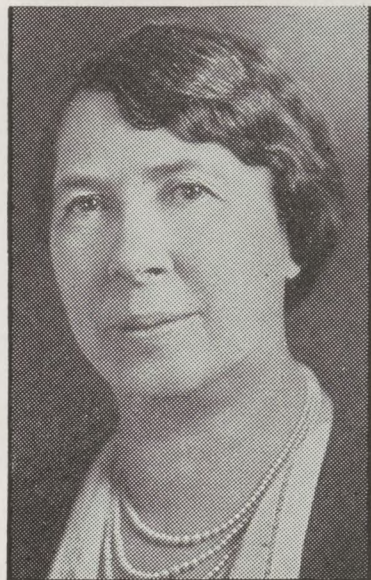

Ruth Bryan Owen Rohde, LL.D., 1927, has in press at this time a book of Scandinavian fairy tales under the title, "The Castle in the Silver Wood." She is working on her reminiscences and autobiography which will be published soon by Dodd, Mead and Co.

Jessie B. Rittenhouse (Mrs. Clinton Scollard) (Litt. D., 1928) is the author of a new volume of poems entitled "The Moving Tide" (Houghton Mifflin Company, Boston). The volume contains old and new poems and a lyric sequence in memory of her husband, Clinton Scollard, which reviewers have pronounced her finest work. It has been made an Honorary Book Award by the Poetry Society of Florida and The Allied Arts of Winter Park.

For over two generations of Rollins students *Irving Bacheller*, trustee, has been a literary tradition at Rollins. He has made many valuable contributions to the development of the college, the town and the state. But two services he has rendered are preeminent and have dominated town and gown; first, the securing of Dr. Holt for the Rollins presidency nearly fifteen years ago; and, second, the enlargement of the literary colony.

And now that Mr. Bacheller has passed his 80th year Rollins has published, as a grateful and graceful tribute to him, a bibliography of his writings. The compiler is Professor A. J. Hanna, '17, who has worked closely with the great author since he made Winter Park his home more than two decades ago.

This publication, which appears in the form of the September *Bulletin* of Rollins, consists of an introduction in which Professor Hanna summarizes Mr. Bacheller's achievements, a chronology of his life, a map of his

JESSIE B. RITTENHOUSE

"North Country" of New York State, the scene of much of his writing, an essay interpreting Mr. Bacheller's art by Professor C. H. Gaines of St. Lawrence University, after which follow lists of collected works, novels, short stories, poems and verses, essays and miscellaneous articles.

The *Florida-Times Union* of October 8, 1939, declared that Professor Hanna's "very scholarly bibliography will promote a re-reading of Irving Bacheller's books and increased appreciation for his valuable contributions to the literature of America."

The Bacheller Bibliography will be sent free to alumni who request copies through the Alumni Office.

From Alumni we have the following contributions:

Professor Chandler Shaw, '19, of Bethany College, West Virginia, is the author of a small volume entitled "Etruscan Perugia" published in the Spring by Johns Hopkins University Studies in Archaeology series. He is working on a text now which he will call "A Short History of Ancient Culture."

In the short story field *Iverne Golloway Koehler*, '29, holds the record with over thirty stories sold thus far this year, chiefly juvenile, and *Nonie Emery Pollard*, '19, has had another short story accepted for the November issue of the *National Historical* magazine. From "Boat to Barn" is a story of the Mayflower and how Dr. Holt got a small part of the old ship which is placed in a plaque over the mantle in Mayflower Hall on the Rollins campus. *Maude Enlow Barze*, '17, has just recently sold articles and short stories to *College Humor*, *Woman's Day*, *Your Life* and *The Woman*.

Rex Beach, '97, former student and Alumni President has just published another thriller, "Valley of Thunder." He presents some of the characters and a generous helping of brawn and brawl, familiar to readers of "The Spoilers."

REBECCA CALDWELL

Our own *Rebecca Caldwell*, '25, has just published a most interesting little travel book, "A Ticket to Manila," Christopher Publishing Co., Boston. \$2. Reviewed by E. D. Lambright in the Tampa Sunday Tribune: "... It is written in a breezy, lively, conversational style, and the reader may easily imagine going along for the ride in the author's cheerful company. She doesn't miss a sight, a thrill or a meal. She eats everything from 'Toads in a Hole' to 'Angels on Horseback,' but she balks at cockroaches cooked in syrup—as who wouldn't? She gets some distinct impressions—such as the Sea of Japan, 'the most beautiful and picturesque body of water in the world,' and a 'High Class Christian Gambling Parlor' in Shanghai." We are confident every one will wish to have a copy and they will thoroughly enjoy it."

"Sarah Faith Anderson—Her book" by *Elvira Carter Garner*, '04 (Julian Messner Inc., New York) has all the charm of her other books and contains equally delightful illustrations sprinkled lavishly through the pages.

Cleland van Dresser '28 can boast of articles recently appearing in *Ken, Field & Stream, Outdoor Life, Polar Science* and a few others. Mr. van Dresser is a member Press Club of Washington and resides in that City most of the time.

Vivian Yeiser Laramore, Poet Laureate of Florida, devoted her column in the Miami Daily News on August 27 to *Virginia Lawrence Holsclaw*, '29. She chose seven of Virginia's poems, three of which were published in this column for the first time. Virginia's poems have appeared in "Partician Rhymes", the last anthology edited by Jes-

sie B. Rittenhouse and Clinton Scollard, "The Christian Century," "Beautiful Florida," "The Flamingo," "The Congregationalist" and various state dailies.

The *New York Herald Tribune* announced in its issue of November 8, 1939, the appearance of the second edition of *Flight Into Oblivion* by *A. J. Hanna*, '17, by the Johnson Publishing Co. of Richmond, Va. The first edition consisted of 4,000 copies. Changes noted in the second edition are chiefly in the bibliography. One addition relates to the Confederate treasure.

The Rollins College English faculty gained further national prestige this Fall when "A Trip to Czardis," prize winning short story written by Associate Professor of English at Rollins, *Edwin Granberry*, was selected as one of the best radio adaptations of the Columbia Workshop. The play appears in a new publication containing fourteen of the best radio plays produced by the Columbia Workshop since 1936.

Grace Livingston Hill, a former member of the faculty, has a novel just off the press. "Stranger Within the Gates" (J. B. Lippincott Company) describes graphically and at length the problems confronting the widowed Mary Garland in rearing her family of college age and younger children.

Alumni Council to Honor Seniors

The annual dinner party given by the Alumni Council honoring the members of the graduating class will be given in the College Commons on the evening of May 17.

As tradition has it on that evening alumni and senior engagements are announced and the couples introduced by Prexy—this, by the way is a call for such announcements so if you are contemplating putting the question better hustle up. (Girls do not forget that this is leap-year!)

The Seniors will also be guests of honor at the annual Alumni-Senior breakfast on Graduation morning at seven o'clock under the Old Family Tree on the shore of Lake Virginia.

Convocation

A colorful academic procession, headed by several flag bearers carrying the American, the Finnish, the flag of the State of Florida, the Chapel and Rollins flags, and flags representing each of the countries which at one time controlled Florida—Spain, France and England—and the flag of the Confederacy, marched from Carnegie Hall, through the Walk of Fame, across the Horseshoe and into the Knowles Memorial Chapel for the annual Convocation exercises. Behind the flags marched the Chapel A Capella Choir, in robes of blue and white, followed by seniors in blue and gold and undergraduates in black gowns, who in turn were followed by guests, trustees and members of the faculty—all in academic costume.

The Reverend Henry A. Atkinson, Rollins trustee and general secretary, Church Peace Union, gave the Invocation. John H. Finley, editor emeritus of the *New York Times*, delivered the principal address, "The Printed Word". Dr. A. Marcus Tollet, Manager of Helsinki News Agency, Finland, read a special message from His Excellency, the Finnish Minister to the United States at Washington, addressed to the trustees, faculty and students of Rollins College. Hildegarde Rees and Broadus Erle were married in the Knowles Memorial Chapel on Christmas Eve. Dean Nance assisted by President Holt performed the ceremony in the presence of a number of friends. Eleanor Geissen was maid of honor and Broadus' father acted as his best man. They will live in Philadelphia where Broadus is a student at the Curtis Institute of Music.

Ralph A. Little, Jr., and Miss Mary Ellen Mc Caffrey were married in the St. Lawrence Catholic Church in Asheville, N. C., on the evening of December 20. A reception at the home of the bride followed the ceremony. They are living at 2115 F St., N. W., Washington, D. C.

Much as we hate to admit it a mistake was made in the December issue of the *Record*. It was stated that Paul Twatchman had been promoted to assistant manager in the J. C. Penney Store in Oneonta, N. Y. and Paul says he "just works there." Our apologies, but we are sure there will be such an announcement soon.

"H" Brown was on campus for several weeks during February and helped out on all the Founders Week programs.

Betty Myers has a job in Clearwater, but she did not reveal what it was. Good luck, Betty.

John Lonsdale is the author of a column now appearing in the *Benton Courier*, Benton, Saline County, Arkansas. John's column entitled "Concerning Arkansas" appears weekly and gives outstanding facts concerning the state of Arkansas and expresses his own convictions on various subjects of interest to the State.

The announcement of the engagement of Ruth Blunden, to Mr. John Clifford of Chicago, Ill., has recently been made. Mr. Clifford attended Vanderbilt University where he was a member of Phi Kappa Psi. He received his degree from Notre Dame. No date has been set for the wedding.

Budd Howland entertained Bus Greaves, Perry and Lee Oldham and our long unheard-of Dave Daley at a cocktail party in Cambridge back in February.

George Waddell insists he's living the life of a recluse in Greenfield, but he seems to find time to speak to all the temperance unions, civic clubs, and church socials. He was on the verge of becoming a Rotarian at the last hearing and undoubtedly is beyond salvaging now.

Mr. and Mrs. H. W. Showalter announced the engagement of their daughter, Emily Sands, to Chester May, of Atlanta, in January. The wedding will be on April 27th in Fairmont. DaTal Hiteshew will be maid of honor and Mary Alice Brett and Opal Peters bridesmaids.

Gill Gillette Lovejoy with hubby Tom and brother Bill had a fine fling skiing in Canada — St. Sauveur des Monts — early in February. Gill said they all got beautiful tans but next time she wrote was in bed with the flu. P. S. All better now.

The Tampa papers carried quite a "success" story late in December on Ollie Daugherty, coach for the Gulf High School in New Port Richey. A comparison of last year's record and this reveals the following: Last year, 1938, Gulf High School played 11 games and were beaten 11 times, they scored only 13 points and had a total of 529 scored against them; this year under Ollie's tutelage, Gulf High played 10 games, won 3, tied 3, and lost 4, but they were beaten by more than one touchdown only once. They scored a total of 64 points and had 78 scored against them. Needless to say football fans in that section are highly pleased with the outcome of this year's games and prospects for next season. And Ollie says he has "some good college prospects."

Wilma Heath Lauterbach spent a few weeks in Florida with Marilyn Tubbs in Melbourne. She also visited the campus for a few days.

Announcements have been received of the marriage on December 16 of Gladys Vodge and Richard Jones at Gladys' home in Philadelphia.

CLUB NOTES

New Club Formed

Upon seeing a note in the September *Alumni Record* concerning the visit to Rollins in June of Lois Parker Myers of Portland, Ore., Worthington Blackman, son of President Blackman, called upon Mrs. Myers as a fellow-Rollins student.

As a result Mrs. Myers "advertised" through her column in *The Journal* for other Rollins alumni. Mr. Blackman, appointed secretary of the Club reports: "Of course, we are small in numbers, at least for the present, but at least we exceed the Biblical two or three. No permanent organization was attempted, this being left open for a future meeting. Before the next meeting we hope to locate other eligibles."

At the organization meeting of the "City of Roses Rollins Club" which was held in the form of a dinner meeting at the Rose City Tea Room the following were present: Mrs. Lois Parker Myers, Mrs. Lucille Kingsley Huff, Irene Fuller Blackman (Mrs. Worthington) and Worthington Blackman.

Cleveland

A most delicious buffet supper was served at the home of Edith Stephan, chairman of the Board of Directors of the Rollins Club of Cleveland on the evening of October 25. Edith and her father most graciously opened their home to members of the Club and a most delightful evening was spent in hearing of Rollins and her plans for the future.

Mr. Hanna of Rollins, as guest of honor, told of the policy and progress of the college and answered many questions.

Present at the meeting were: Mr. Hanna, Raymond Clark, Mr. and Mrs. Jack Higley, Jean Astrup, Chester K. Smith, Pat Loughrey Ganson, James Parks, Dr. and Mrs. Walter Johnston (Edna Wallace), Dr. John F. Stephan and Edith Stephan.

The Constitution of the Club was changed to embrace a Board of Directors in place of the three officers. The following were elected: Edith Stephan, chairman, Raymond Clark, Jack Higley, George Ganson, Edna Wallace Johnston, Burleigh Drummond, Jane Welhoff Thompson and Chester Smith. T. W. Miller, trustee was elected an ex-officio member.

Hartford

The Rollins Club of Hartford held a dinner meeting on the evening of November 17 at the Hotel Garde with 22 members present. Henry Istas, a graduate of the Yale Law School was guest speaker. Mr. Istas has been blind from birth and spoke on the Seeing Eye Dogs which was most informing and interesting.

Ralph C. Lasbury was elected chairman of the Board of Directors. Other members elected to serve on the Board were Leah Jeanne Bartlett, Doris Lang, Mortimer Lichtenstein, Janet Gibney Morse and Leslie I. Taylor.

The Rollins Club of Hartford met on the evening of January 19 at the Ralph Lasbury. A social hour was enjoyed by a small group. The only business was the election of Robert Proctor to the Board of Directors to fill the place left vacant with the death of Leonard Seaver.

Louisville

The Rollins Club of Louisville held a luncheon meeting on October 31 when Professor A. J. Hanna was guest of honor. The luncheon was held at Canary Cottage with the following members present: Douglass Potter, Alfred McCreary, Else Barasch, Mary Jane McKay Ott, Margaret Dorsey, Dorothy Smith Lawson, Mary Ellen Skidmore and Mary Butler Longest. Miss Grace Boone of Orlando who was in the city visiting her brother Dr. Cassius Boone, was a welcome visitor. Jack Ott, a busy juror that day, had time only to greet Mr. Hanna.

Professor Hanna was bombarded with questions about Rollins, its hopes and plans for the future. After informal discussion of these questions it was voted to elect a Board of Directors for the Club in place of the three officers. Election results were as follows: Alfred McCreary, chairman, Mary Butler Longest, secretary, Dorothy Smith Lawson, Charles Allen, Jr. and Douglass Potter, Rollins trustee, ex-officio member.

Miami

The Rollins Club of Miami sponsored a dinner on the evening of October 20 upon the occasion of the Rollins-Miami football game played in Miami. About 75 attended the dinner. President Holt was the guest of honor and spoke briefly. The dinner was attended by a goodly number of students from Rollins as well as alumni and friends in Miami. Richard L. Starr was general chairman of the dinner.

Following the dinner alumni and undergraduates occupied a reserved section for the game.

Pittsburgh

On October 20 the Rollins Club of Pittsburgh held a dinner meeting at the Harvard-Yale-Princeton Club. Present were: Mr. and Mrs. Thomas Johnson, Mr. and Mrs. John Galey (Blanche Fishback), Elizabeth Robertson Parkman, Mr. and Mrs. Edward Fohl, Lucile Jackson McClure, Mary Virginia Fisher Zimmerman, Whiting Hall and the guest of honor, A. J. Hanna from Rollins.

Altho few in number enthusiasm ran high for the future of the Club. Yearly dues of one dollar were adopted and for the present informal social gatherings held frequently at the different homes were decided upon.

The following new officers were elected: Sydney Millar Baker, chairman of the Board, Ruth Myers Whalen, secretary-treasurer and members of the Board, Dorothy Manwaring and Eva Thompson.

New York

A meeting of the New York Rollins Club was held at the Town Hall Club on November 17. It was well attended and the group greatly enjoyed hearing the latest news of Rollins from President Holt and Dr. Edwin O. Grover who were guests of the Club.

The New York Club has undertaken three projects for the current year, namely, a Library project whereby they hope to work with Librarian Yust in helping to add to the College Library, a series of benefit suppers and an employment bureau for Rollins alumni in the metropolitan area.
