Subject: Thursday's Faculty Meeting

Esteemed Colleagues:

Be herewith reminded of our regularly scheduled A&S Faculty meeting this Thursday at 12:30 in the Galloway Room.

The main pre-arranged item of business will be a proposal concerning the search for a Dean of the Faculty. In light of the opinions gathered from the 93 faculty members who responded to the survey, the Executive Committee will propose that we:

begin a national search for a Dean of the Faculty next fall,
and that we
appoint an interim Dean for one year, to serve while the search is under way.

A motion to this effect will be introduced, discussed and (I hope) voted upon in the meeting.

Please take a look at the minutes from our last (Feb. 23) meeting with an eye toward corrections or additions. These minutes can be found here: http://www.rollins.edu/governance/as_faculty/

Please let me know if there are other items of business or other announcements that should be added to the agenda.

Hope to see you there.
