Dear colleagues,

Once again, I am delighted to introduce the Celebration of Faculty Scholarship. This program began in 2008, and honors those members of our scholarly community who have published peer-reviewed books and articles, or who have completed creative works, last year. Since 2008, we have celebrated more than 207 faculty members and more than 821 works.

Today, we recognize 214 works by 102 faculty members in Arts & Sciences, the College of Professional Studies, and the Crummer Graduate School of Business. These numbers are considerably higher than what we reported a year ago – the number of published works alone is 112% of last year’s total. Our faculty colleagues are an extraordinary group. Rollins, of course, prizes great teaching, but the best teachers are also active scholars and creators who incorporate their academic and creative work in their teaching. Thus, those who publish and create add to disciplinary knowledge, strengthen the academy and the community, and uphold Rollins’ tradition of excellence.

Please join me in offering congratulations to the faculty whose works we are celebrating!

With best wishes,

Carol M. Bresnahan, Ph.D.
Provost and Vice President for Academic Affairs
