## VI. Old Legislation

### *Legislation 1314.06*

In Old Business, Legislation 1314.06 was brought up, which concerned funding for a marketing campaign specifically aimed at spreading SGA visibility through getting money for promotional items. The Bill aims to set a cap for the amount of money used to gain promotional items with the cap set at potentially \$600.00. The money will be spent at the discretion of Public Relations Committee. Legislatoin 1314.06 was passed.

## VII. Open Forum

In Open Forum the Sutton Parking Issue was brought up and parking in the gravel lot. The gravel lot will be parking for Blue Stickers. The issue at hand is the facilities has not prepared the lot yet, but it should be open soon and allow for 45 more spaces. The idea has been brought up eliminating giving Blue Stickers to Honors Students, but it was clarified that the only exception that is made that Honors Students just have the ability to get yellow stickers as Freshman. It was then clarified again that Honors Students can get Blue Stickers if they request for one at campus security.

Another topic brought up was an attempt to develop sexual assault awareness on campus, perhaps through having RAs be required to have a floor meeting or sexual violence education forum. The issue was brought up that many students do not attend floor meetings, even if they are mandatory. Events Position has been talking with Ken Miller about possibly having an event on campus or tabling in the spring semester that is in partnership with SGA. The discussion went to the fact that it is difficult to get upper classmen students to attend events at all. An overall consensus was made that SGA should probably advocate for sexual assault awareness.

The next idea brought up was possibly getting umbrellas outside of the Bush building because it is very hot to sit outside. Also, possibly getting umbrellas at the smoking areas because if it is raining then people will not want to use the area.

The notion was brought up that many people on campus do not know what SGA does, so possibly having an event that raises awareness about SGA could be pertinent to raising knowledge of SGA. It was thought maybe SGA should have an event that is cost effective, but still lets constituents know what SGA does. This led into the idea that SGA does not have a set goal as a body, so maybe that is something we should consider. Then the premise was stated that constituent outreach is a great way to get the word out about SGA. It was reminded to SGA that senators should be creative in their constituent outreach with the best way to do constituent outreach in groups. In terms of visibility the idea of having a twitter page was brought up, but then it was countered with that many people do not actually read tweets from SGA.

It was also brought up that only the Internal Affairs person should have a computer open on Executive Board.

Senator Mary-Faith presented information for the Finance Position, which addressed that the idling policy be put in place. The idling policy states that Rollins vehicles cannot sit idling, while they are waiting for usage. It was made clear that this policy should only apply to Rollins vehicles, not student or faculty cars.

It was then brought up the Wifi should be improved in the Campus Center, as that is the center of school. The root to address this is through speaking with IT and that a conversation should occur first, before writing legislation.

Another topic was brought up that the vending machine in Res Halls possibly become handled by Sodexo, so students can use meal plan at the machines. It was made clear that it is more important to deal with getting more non-Sodexo food options first. However, it was also made clear that vending machine issue is also pertinent.

The meeting adjourned at 8:01 pm.
