

## PALINDROME: A SIGN READS, "ON THIS SITE IN 1897, NOTHING HAPPENED"

Certainly  
things were living  
some  
were dying  
certainly  
this day happened  
(we won't remember)  
it's what brackets  
this summer rain  
that makes it:  
the sun is shining  
then it's not  
then the sun is shining  
as if as if  
nothing  
we must go

(so we go)

we're gone  
and nothing as if  
as if  
the sun was shining  
then it wasn't  
then the sun was shining  
made that  
summer rain

(bracketed it)  
that's what  
we can't remember  
a day happened  
certainly  
we were dying  
some things  
were living  
certainly.
